SENATOR JAMES PROPOSED FOR PERMANENT CHAIRMAN

W. J. BRYAN, IDOL, MERELY CHIPPED

Democrats Fail to Shatter as Per Schedule, Writes Blythe

By SAMUEL G. BLYTHE

(Copyright 1912 by Samuel G. Blythe)

BALTIMORE, June 26.—So far from chastising William Jennings Bryan severely for his attempt to dictate the temporary chairmanship of the Democratic convention and his announced determination to continue along dictatorship lines while there is any dictating to do in Baltimore, the Democrats today contented themselves with slapping him on the wrist in a polite but somewhat admonitory manner and asking him please to behave.

Inasmuch as the proceedings at Chicago had led the Democratic leaders opposed to Bryan—meaning all the old guard—to think this is the open season for shattering ideals, these leaders had made up their minds to do some shattering themselves. They started out full of hope and with the shattering apparatus running on high speed with every gear thrown in.

Oddly enough, Mr. Bryan refused to be shattered. Having been an idol for many years, he declined to recognize any iconoclastic rights as belonging to the leaders, and the upshot of it all was that while Mr. Bryan as an idol was cracked and chipped a bit, he was not shattered, nor tottered from base.

What happened to him was that he proved, in a way, that unless some extraordinary circumstances arise this convention will not nominate Mr. Bryan for President, and thus lifted a good deal of the load from the minds of the Democrats who darkly feared such a contingency. What also happened was that he proved, rather conclusively that if he sees fit to oppose any candidate aspiring to the nomination that candidate will have a hard time getting enough votes in the convention.

EXPECTED SOMETHING MORE.

The anti-Bryan leaders expected to defeat Bryan, but they expected to defeat him more decisively than they did. After the roll-call was over they patted themselves on the chests and said they had more votes at their command and might have beaten him harder, which was evidenced by their agitation and their nervousness and their fright while the roll-call was in progress, of course. They could have defeated him in a more decisive fashion to be sure, but they didn't think to do it until the vote showed Parker was elected by about sixty majority, a curious manifestation of polite absence of mind.

The Clark men came out of the convention hall claiming the defeat of Bryan was also a sure indication that Wilson cannot be nominated by this convention. So did the Harmon men and the Underwood and various other brands of men. They all claimed Wilson went down with Bryan, forgetting that Bryan has gone down many times before, but, somehow, has always managed to come up again with a smile and a speech.

Not that I intend to say Wilson can be nominated, but that it is reasonably certain Bryan is stronger than his opponents think him to be, and continues a most valuable asset for any candidate for the nomination.

So far as the nomination is concerned, it still remains a rather open question and will so remain until there has been opportunity for conferences between the anti-Bryan and the Bryan leaders. There are many elements to consider, including the hope of all the Wall street contingent, captained by Thomas Fortune Ryan, that an eminently safe and sane candidate can be secured, with preference for Harmon or Underwood, the Murphy-Hearst combination, and numerous other features of a situation that, while clearer, is not yet entirely clear. And in front and in the middle and behind every phase of the situation is Bryan, now fighting mad, and a fairly good fighter in his way.

NOT IN RIGHT TEMPER.

The only safe prediction in that this convention is not in a temper to name a conservative candidate. The conservative interests have held tenaciously to the idea of a conservative candidate for a long time, but they are afraid the work they must do would be surely detected, and there is a haven of refuge for radical Democrats in the new third-party movement. The men who are trying to lead this convention are in a situation that demands not only a good knowledge of the principles and practice of politics, but that requires a fair amount of conscience and patriotism and party loyalty.

All they have to do to win, it seems certain, is to name a candidate who can hold the normal Democratic vote, but to hold that vote they must name the right man, not a man wanted by a factor, or by an interest or by their own selfish, personal considerations.

The stage was well set for Mr. Bryan this morning. There never has been a prettier, lighter, airier or more comfortable convention hall than that provided by the people of Baltimore. The spectators were largely sympathetic. The acoustics were good. The dramatic was not lacking. There was plenty of enthusiasm. The scene was gorgeous, and the occasion, it was claimed by almost all of the speakers, was history. What more could a peerless leader ask?

Owing to the extreme caution of the door-tenders, that none but ticket-holders should get in, the hall was not filled at noon

Heney and Crane Also Hold
Night Conference With
"Peerless One"

BALTIMORE, June 26.—The Democratic convention took second place as a topic of conversation for a time today when a report became persistent that Senator La Follette had held a long conference with William Jennings Bryan after the latter's reversal in the temporary chairmanship fight in the convention yesterday.

It was said that the Senator, who slipped into town from Washington without heralding his arrival, had invited Bryan to cast in his fortunes with the new progressive movement.

An air of mystery pervaded the Bryan and Nebraska headquarters today. It was neither denied nor affirmed that the conference had been held.

That Senator La Follette was under the same roof with Bryan was acknowledged, and it was declared he had expressed his intention of coming from Washington again today.

At the Wisconsin delegation's headquarters it was acknowledged that the Senator had been here and that he would return today.

It was explained, however, that the supposed conference with Bryan was unlikely because La Follette in the past had always held that differences in the Republican party should be adjusted within the ranks.

HANDLED PLATFORM.
As Bryan left his headquarters today, Elliott Garrison, of Michigan, handed him what has been called the La Follette platform. Bryan stuffed the manuscript into his pocket and hurried away.

Bryan and anti-Bryan factions in the convention were interested today in "third party" gossip. The advent of Francis J. Heney of California, who fought for Roosevelt in the Chicago convention and Charles R. Crane of Chicago, who helped to conduct the early La Follette campaign in a reported interview with Bryan gave an impetus to the situation.

Heney said he came to Baltimore to see the "steam roller" at work, that he had become so accustomed to the foot-trot at the Chicago convention that he could not sleep without it.

Senator La Follette was back in Washington today from the Baltimore convention and met all inquiries as to whether he had conferred with Jennings Bryan with the statement that he had absolutely nothing to say on that subject.

Efforts to get the senator to deny or affirm that he had conferred on the third party movement or any other political subject were met with a refusal to talk.

OFFERS OF ASSISTANCE.
OYSTER BAY, N. Y., June 26.—Offers of assistance in the formation of the new progressive party are reaching Colonel Roosevelt by mail and telegraph, he said today, at such a rate that he will be unable to acknowledge most of them for some time. Many of the letters contained money to be used in the work of organization.

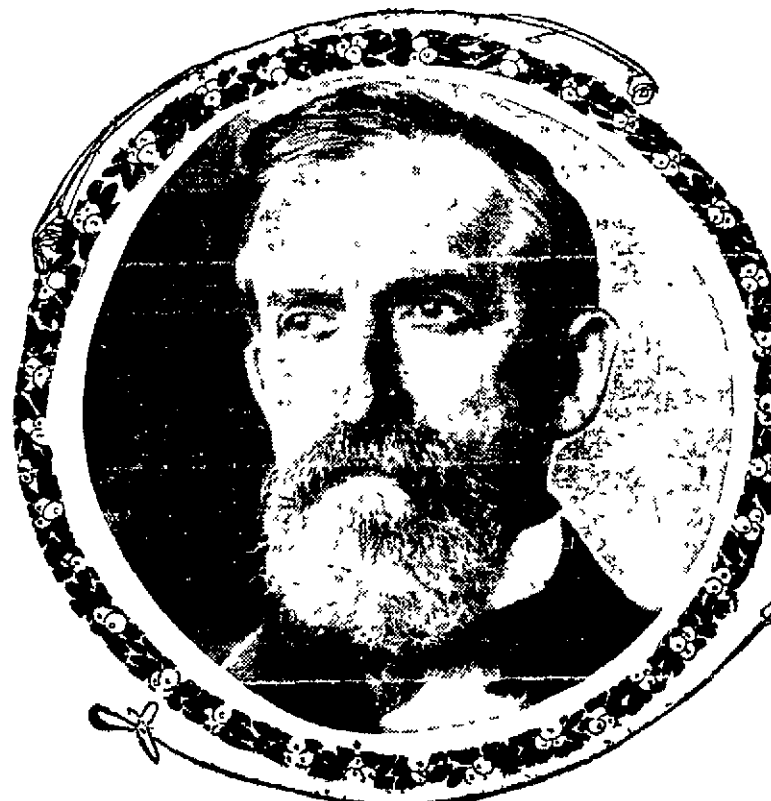

One man, whose name was not disclosed sent a check for \$1500, but most of the contributions were of small amounts.

Judge Ben Lindsey of Denver, a "Roosevelt Democrat," will keep Colonel Roosevelt informed on the situation in Baltimore, and the possibility of a coalition with an element of the Democratic party.

BRYAN SEES.
"I'm going to make a good deal more trouble than they think," said Colonel Roosevelt today. "It's perfectly surprising to see the amount of support that I am receiving."

A good many men the colonel explained opened him at Chicago because they thought an honest majority was against him but these men, he said, would not tolerate theft and were now coming out for him because they believed that improper methods had been used to defeat him.

WHITE PLAINS, N. Y., June 26.—Harry K. Thaw took the stand again today in his efforts to prove his sanity and obtain his release from Matteawan. He was questioned at length by the state's counsel, William T. Jerome.

The codicil in Thaw's will was read in which provision was made that damages should be given to certain young women on whom indignities had been committed. Thaw said the codicil had as its purpose to obtain damages from Stanford White.

"For whom were the damages intended?"

"If you want to make yourself contemptible I'll not assist you," said Thaw with heat. He added that he would not participate "in degrading and blackening the character of a dead man" (referring to Stanford White).

The witness repeated the insinuation made by his lawyer several times during the trial that Jerome is serving private interests.

Advent of Heney and Crane in Baltimore arouses third-party gossip.

BALTIMORE, June 26.—

United States Senator-elect Ollie James of Kentucky was unanimously chosen permanent chairman of the Democratic convention today by the committee on permanent organization. He was named by a standing vote after Senator Culberson of Texas had declined on the ground that his health was not good and he feared the strain.

James had met with much opposition as a candidate, some of the more radical conservatives saying they feared the Bryan influence behind him.

Many other names were named as a compromise between the factions, among them Senator Shively of Indiana, and Senator Lea of Tennessee. The candidacy of the favorite sons were withdrawn in speeches, however, the key note of the talks being harmony.

AS "COMMON SOLDIER."

Theodore Bell of California, pro-nominee as chairman, appeared in person before the committee and said that he desired no office, but would go on the floor as a "common soldier," to fight for harmony.

In the credentials committee sparks flew in quantity that would shame an old-time July 4 celebration, when the Illinois factions met. The net result was the routing of the Harrison-Hearst faction and the triumph of the Sullivan delegates, who were seated by a vote of 40 to 10.

By a vote of 22 to 16 the rules committee of the convention agreed to the plan to defer the presentation of the platform until after the party's candidate for president had been nominated. In the absence of any true indication as to whether the conservative or the progressive wings of the party would dominate the convention it was considered good policy to hold back the platform in order to have it drawn so as to be acceptable to the convention.

KERN IS ELECTED.

Senator John W. Kern was elected chairman of the committee on resolutions, today, after William J. Bryan had refused the honor. A delegation from the committee was sent to Bryan's apartment with the offer on a silver platter. They discovered the Nebraska had already left for the convention room and hurried back only to be met with Bryan's refusal.

Advisors of the "peerless one" pleaded with him to avoid the honor if he liked the plan, declaring that the offer was a thinly veiled conspiracy to bind Bryan to future acts of the convention. Bryan abided by their opinion and flatly refused the committee's offer.

He even went further and put the motion that the nomination for president of the Democratic party be made by the convention before the platform was drawn up and presented. That motion was carried and was sent to the main body for a vote.

"DARK HORSE" TALK.

'DARK HORSE' NIGHTMARE GALLOPING AT BALTIMORE

New York to Support Wm. J. Gaynor on
First Ballot, Merely as Test

BALTIMORE, June 26.—"Dark horse" talk was more general today about the convention than at any other time. This perhaps is due to the fact that the New York delegation is determined to vote for Mayor William J. Gaynor on the first ballot. The evident purpose of this is to get a test on the first ballot though some said it showed that he would be boomed for second place.

With the nomination sessions expected to be held tomorrow gossip filled the air. It seemed to be limited by all that Speaker Champ Clark would go into the convention with a distinct advantage over all other candidates.

Bryan advocates refusal to consider the Nebraska out of the running. They say his defeat for the temporary

when Chairman Mack seated himself on the raised platform. He waited half an hour before he introduced Cardinal Gibbons, who, in his scarlet robe, had been sitting on the platform. Everybody stood while the Cardinal prayed and everybody applauded when he had finished, which caused the Cardinal to wonder whether the applause was for the invocation or the ending.

BRYAN WHITE AND STERN.

Meantime Mr. Bryan had been waiting on the platform, very white, very stern and, unusual for him, palpably nervous. As soon as Chairman Mack told the Democrats he had been instructed by the national committee to present the name of Alton B. Parker for temporary chairman, Mr. Bryan stepped forward, nodded to Mack, and help up both hands. They cheered sufficiently.

Bryan's speech was devoted to himself in the first part, to John W. Kern in the second part and to himself in the third part. It was not so good a speech as Bryan has made on many occasions, but it was suitable to what he had in mind to do.

Senator Kern gave a very fair imitation of a man utterly surprised when Bryan named him as the man best fitted to be temporary chairman. The Senator's celebrated paint brush whiskers wagged violently and he was observed to arise and make his way to the platform, torn, as it were, by the conflicting emotions of love and duty and keeping the corner of his eye turned towards Tom Taggart, also of Indiana, who stood near Chairman Mack.

Mr. Bryan gave Senator Kern a very good recommendation, disdressing now and then, to call eloquent attention to the uplift movement now in progress in Turkey, Persia and China. However, as there were few, almost no Chinese, Turk or Persian delegates to the convention, the reflections passed unnoticed.

Mr. Bryan made it clear he was fighting for a principle and to save the Democratic party. From itself, not himself, and concluded, amid applause, with a stirring appeal to all Democrats to get behind him and select Kern.

Kern was next. He was pale but composed when he conveyed the unnecessary information that he hails from Indiana. His beard proves that he said it was all a surprise to him, that unaccustomed as he was to public speaking and not expecting to be called upon, he would do the best he could, and the best he could do was to say he didn't know Mr. Bryan had him in mind when he began his eulogy of the perfect temporary chairman.

DEARLY LOVED PARKER.

Having heard for the first time that he was the man, Senator Kern said he dearly loved Judge Parker and in order to secure harmony he would withdraw and begged Judge Parker to do the same. Judge Parker, who sat on the aisle in the first row of the New York delegates, smiled sweetly and said nothing, nor did he withdraw. Thereupon, Mr. Kern strayed away and said some kind words of himself in case the convention might need a good, adaptable candidate for President, and quit.

Various speakers followed, including Theodore Bell of California, who was the Bell that tolled the temporary chairman keynote at Denver four years ago, with full permission and sanction of Mr. Bryan. Mr. Bell is the Clark leader in California and when he announced both he and California were for Parker it was thought to give an indication of the feelings of the Clark newspapers.

However, this thought did not hold good during the roll-call, for, under the able but non-partisan leadership of Senator Stone of Missouri the Clark forces managed to maintain a masterly position in the middle of the road on the question at issue. They straddled to be exact.

The spectators were noisy and demonstrative, but the delegates seemed to have themselves well in hand. It was only further proof of the ancient truth that while it is easy to stampede galleries at a national convention, it is quite difficult to stampede delegates.

The opportunity to get up on a platform and talk to fourteen thousand or so people impressed itself on various spellbinders, and they got up on the platform, early, in the interest of the freedom of speech, by the way, and talked not to, but at the fourteen thousand. The fourteen thousand devised ways of its own to keep from hearing what was going on, of course.

CONVENTION HELD UP.

All this time there was no convention. The orators were speaking to a mass meeting, as no organization had been perfected. Still it was a large audience and the freedom of speech must be preserved at all hazards in Democratic conventions.

Noting the fact that the man who decorated the hall had grabbed off George Washington as the original Democrat, the Democracy of that eminent citizen and of Thomas Jefferson was loudly extolled and applied to the case in hand.

All of the orators took warning at Mr. Bryan's slip. Mr. Bryan pausing after an exceedingly complimentary reference to Senator Kern, asked: "What better man can be named?" and was promptly answered by about ten thousand persons who told him loudly and persistently that Parker was a better man, to Mr. Bryan's evident annoyance.

Presently Mr. Bryan confided to those present that he had tried to get Ollie James and Senator O'Gorman to stand for him in the fight before he lighted on Senator Kern and that both James and O'Gorman had politely, but firmly, refused, wherefore, inasmuch as Senator Kern seemed insensible to the high honor Mr. Bryan sought to confer on him, it became the bounden duty of the subscriber, William Jennings Bryan, to take over the job himself and he declared himself the leader in the crisis, willing to lead until the crisis had crised, and not committing himself as to actions after that.

ANTI-BRYAN LEADERS GRIN.

The anti-Bryan leaders grinned at this. They had Mr. Bryan where they wanted him and they were anxious to begin the roll-call in order that he might be shown his proper place which in their estimation was an inconspicuous rear seat. The roll-call started off with Parker in the lead. President Mr. Bryan began to come along and he came along to such an extent that the anti-Bryan leaders who had thought to do some lusty shattering of the idol abandoned if the thing would not work with the reverse result.

They pulled through and Judge Parker was declared the choice of the convention for temporary chairman. While Mr. Bryan remained on the platform wearing a stern and rockbound expression and uttered a few lamentations as to the sad and ultimate fate of the Democracy.

They made Judge Parker's selection unanimous and the judge came forward to speak. Not many persons evidenced a strong desire to hear the judge keynote the situation and nearly everybody started to leave the hall. Thinking it useless to keynote to thousands of people who were crowding toward the door and wondering how they would get home in the rain without spoiling their clothes, a recess was taken until 3 o'clock when the judge returned to the entire satisfaction of all concerned, it was said.

The night was one for seeking for ways and means. It is plain to see that with the two-thirds rule there must be a good deal of elimination before a candidate can be selected. Numerous attempts were made to bring out harmonious relations, but they were all fruitless. Bryan is there, not to be eliminated. He is powerful and determined. Defeat can be easily come out.

for Mayor William J. Gaynor for presidential nominee on the first ballot, "dark horse" talk was general today. The evident purpose of the New York delegation's proposed move is to get a test on the initial vote. A movement to test sentiment for Senator John W. Kern of Indiana for the presidential nomination was started by some progressives who felt it might be impossible to unite two-thirds of the delegates for either Speaker Clark or Governor Wilson. These men are working quietly but they say the movement has gained considerable momentum.

Bryan followers expressed their hope today that the nomination fight would go to a fourth or fifth ballot, thinking that in that situation the delegates would flock to his standard. On the other hand the Wilson people, pointing to their support of him in the Nebraska election, expect the Nebraskan to fight tooth and nail for their candidate.

CONVENTION ADJOURNS.

At 2:15 today the Democratic national convention adjourned until 8 p. m. tonight in order to give the committee on credentials time to thrash out several contests. The adjournment was taken after several spellbinders had made themselves heard and after several demonstrations had been started and quelled.

With a scattered attendance at 11:30 a. m. a haze of heat seemed to fill the big hall and give promise of a sweltering day.

Reading to their seats, the band playing and the galleries were a flutter of animation. Judge Parker mounted the platform at 12:05 p. m. amid scattering handclaps and the convention was called to order at 12:21 p. m.

Bishop Murray of Maryland pronounced the invocation, the prayer being as follows: "O, almighty and eternal God, Heavenly Father, thou who art the author of all life and the lawful ruler of all mankind, we bow in thy presence, recognizing thy supreme sovereignty over us, acknowledging our utter dependency upon thee, and praying for thy blessing of help and favor upon this convention, upon our land and people, and upon all in authority in our nation. Assembled here today, we stand face to face with the most momentous crisis in the history of our great government, but thou art the author of all wisdom."

"Let not we pray thee, in our discussion, the hand of pride, prejudice or passion come nigh to hurt us, nor the foot of the ungodly to cast us down; but in the expression of thy great love for this people which thou hast raised up and made mighty among the nations of the earth, wilt thou so control the mind and direct the will of this body that all its deliberations shall make for the more abundant life of the gospel of prosperity and peace in our social, civic and economic relationship and speeches."

"And wilt thou grant that upon whomsoever the presidential and vice presidential nomination, may be bestowed, that he may be a patriotic, God-fearing and God-serving man of personal purity and public virtue; so that by our final action we shall not only serve our party but also honor our country and supremely glorify thee, our Governor and our God."

"All of which we ask through Jesus Christ, our Lord, who has taught us, when we pray, to say 'our Father, Amen.'"

WOODSON MEETS DEFEAT AT LAST

BALTIMORE, June 26.—

Senator-elect Ollie James of Kentucky, at a harmony meeting of the committee on permanent organization, was named today for permanent chairman of the national convention, but Urey Woodson, secretary of the succeeding Democratic conventions, was defeated for that office by E. E. Britton, a newspaperman of Raleigh, North Carolina.

The choice of James was unanimous, but the roll was called on the secretaryship, Britton winning 24 to 18.

Woodson's high qualifications for the office were admitted, but the "Raleigh man's friends were determined to honor him."

In the informal discussion which preceded the vote it was declared that the choice, whichever way it fell, would be without political significance.

spirit of progress into the petrified remains of the party." John Temple Graves continued the speechmaking and ex-Governor Campbell of Ohio and Mayor Preston of Baltimore also spoke.

Chairmanship Dodged by Wary Nebraskan

BALTIMORE, June 26.—Because he is not in sympathy with the forces "seemingly in control of the Baltimore convention," W. J. Bryan of Nebraska declined today to accept the chairmanship of the resolutions committee unanimously tendered him. Senator John W. Kern was elected after Bryan twice refused the honor.

When the committee met Bryan was not present and his absence was disconcerting. No one appeared to know what the Nebraskan's attitude was to be, but it was decided unanimously that the place should be offered him.

Senator Rayner of Maryland, O'Gorman of New York, Culberson of Texas therefore were sent posthaste to Bryan's rooms to urge him to assume "a duty to his party." They arrived too late, as Bryan had started for the convention hall.

NOT IN SYMPATHY.

Bryan refused the chairmanship in a speech in which he said he was "not in sympathy with the forces who appeared to be directing the trend of political events in the party," and he was not sure he could support the platform to be presented by the committee. He said that unless the platform embraced his ideas of true progress he would submit a minority report to the convention.

Not content to abandon their harmony program without further effort, the committee turned the matter over to Senators Rayner, O'Gorman and Culberson, who held an earnest discussion with Bryan in a corner of the room.

Bryan said his position was unalterable. Senator Kern was turned to as representing the "progressive democracy" and as there was no nomination in opposition to him his election was unanimous.

ADVISERS ARE CAUTIOUS.

Cautious advisers of the Nebraska leader argued against accepting the chairmanship of the resolutions committee on the ground that the attempt to have him draft the platform is a poorly concealed plot to commit him in advance to the subsequent acts of the convention and to any nominee willing to accept what would be known as the "Bryan platform."

Bryan himself, it was said, was loathe to have anything to do with the platform, but he is sure of the nomination will be. For that reason it was declared he would advocate the upsetting of precedent and the naming of a candidate before the platform is written and adopted.

WOULD DEFER PLATFORM.

As soon as the committee organized Bryan moved the presentation of the platform be deferred until after the convention had nominated a candidate for President.

Senator Rayner seconded the proposition. He spoke at some length, urging a progressive platform and particularly in reference to the tariff and direct election of Senators, on which planks there was found to be a division of sentiment.

Bryan's motion was carried 41 to 9. The committee recommended this action to the convention and adjourned until the convention determined on the matter.

NO PERPETUAL DEBATE.

"We do not want and must not have a perpetual debate between the candidates and the platform," said Bryan in advocacy of his motion postponing action on the platform until after the nomination of the presidential candidate. "The only way to prevent such a result is to name a man first. Indeed, in these days the man is the platform."

"The candidate should have an opportunity to talk about the platform in advance of its making rather than to feel impelled to talk about it afterward."

Senator Clark opposed the change as a reversal of all precedents, but was

antagonized by Senator Rayner of Maryland, who, taking sides emphatically with Bryan, said the time had come for overthrowing undesirable precedents.

APPECIATES COMPLIMENT.

In refusing to accept the chairmanship Bryan said: "I appreciate the compliment but I am not willing to act as chairman. I am a believer in harmony but I think that the committee and its officers ought to be in harmony with the convention and I am not in harmony with the organization of the convention nor of the national committee which controls the organization of the convention."

"We used to have two kinds of Democrats, progressives and conservatives. Now we have only one kind, progressives, but we find there is a wide difference in the definition of the word 'progressive' and I do not define progress as it is defined by a majority of this convention. Believing in harmony, I want to be in harmony with the convention and I desire to have more free to represent the minority sentiment."

"I do not say that there will be a minority report, but it would not look well for the chairman of the committee to take in a minority report. It may be in a minority report. I do not know that I will do that, but I don't want to place myself in that position and for that reason I decline."

The following were appointed a sub-committee of the resolutions committee to draft the platform: John W. Kern, ex-officio, chairman; C. C. Culberson, W. J. Bryan, James O'Gorman, Isador Rayner, A. F. Dockery, D. J. Walsh, Wiley Pomeroy, Thomas S. Martin, S. W. Belford, R. T. Broussard, George W. Fithian.

Vigorous War Waged in Illinois Contests

BALTIMORE, June 26.—The twenty Roger C. Sullivan delegates from the ten Congressional districts in Cook county, Ill., were seated this afternoon by the credentials committee by a vote of 40 to 10.

A minority report will be presented to the convention. The motion to seat the Sullivan men in the Seventeenth and Twentieth Illinois districts carried, 38 to 13.

Those who voted against the Sullivan faction were: Little, Arizona; Creswell, California; Miller, Nebraska; Carney, Nevada; Kelly, North Dakota; Moses, Oregon; Young, Kentucky; McCormick, Pennsylvania; Whitmore, Utah; Molina, Porto Rico.

The sixteen Sullivan delegates, at large from Illinois, having eight votes in the convention, were seated by a vote of 42 to 9.

The credentials committee at 11:30 a. m. determined to ask the convention to adjourn until 8 o'clock owing to the inability of the committee to complete the work on the contest cases. Arguments in the Illinois case had not been concluded at that time.

The Illinois contest cases were the first taken up when the credentials committee met today in a session held behind locked and guarded doors. Each side in the contests was given 45 minutes for the presentation of arguments. The contestants in the case were the Harrison-Hearst delegates, who claimed to have secured an actual majority of votes over the Sullivan delegates, who had been seated by the national committee.

RAINEY IN FIGHT.

The claims of the Harrison-Hearst delegates to the seats given the Sullivan delegates in Illinois were presented to the credentials committee by Congressman Rainey of that state. The point made against the contestants was that they had not formally presented their contests to the Illinois state convention at Peoria, but had kept entirely out of that convention. It was on this ground that the national committee gave the seats to the Sullivan faction.

E. B. Tullman assisted in presenting the arguments of the Hearst-Harrison faction in the contests involving the

'DARK HORSE' TALK AROUSES INTEREST

Many Names Brought Up for Private Consideration by Delegates.

(Continued From Page 1)

The convention can only be secured by a combination of some of the candidates or by a "break" or "stampede" of the delegates. The various leaders are firm in the belief there will be no stampede and say they do not even fear Bryan himself in that respect.

Friends of Governor Foss of Massachusetts "papered" the Baltimore arena this morning before the hour for the assembling of the convention with an appeal to the Democrats to nominate the Massachusetts governor. Thousands of copies of a pamphlet giving Governor Foss' record and a circular headed "Foss, the Only Democrat Who Can Win," were distributed to call the attention of the delegates as they arrived.

Aldrich Keeps Off Johnson's Committee

Nebraska Governor Announces That He Will "Stay Regular."

LINCOLN, Neb., June 26.—Governor Aldrich announced today that he would not serve on the committee of eighteen appointed by Governor Johnson of California to take the lead in organizing the new "Progressive" party, composed of Roosevelt adherents.

American Olympic Team Leaves Antwerp

ON BOARD STEAMSHIP FINLAND, by wire to Castor, June 26.—American Olympic team sailed from Antwerp at noon. Thousands of people gathered on the quay and along the waterfront. Paul Havelth, manager of the Antwerp Athletic club, invited the American team to compete at an athletic meeting at Antwerp on its return from Stockholm. Matthew P. Halpin, manager of the American team, promised the team would do so in full strength if time permitted.

ORDERS MORSE ESTATE PARTIALLY DISTRIBUTED

The \$104,894.28 estate of the late Harry N. Morse, former sheriff of Alameda county, who died last January, was ordered partially distributed yesterday in the probate court of the Superior Court upon the petition of children of George B. Morse, a deceased son of the former sheriff, who are entitled to one-third of the estate. Those who will share under the present petition are Harry N. Morse Jr., Virginia Holland and Blanche Kenna, who were named in the will.

BOSTON NEWSPAPERS ARE CONSOLIDATED

BOSTON, June 26.—The sale of the Boston Evening Traveler, one of the oldest newspapers in the state, to the Boston Herald, was announced this afternoon by J. W. Farley, publisher of the Herald. The Traveler was established in 1826. Both the Traveler and the Herald are one-cent newspapers.

FORMER SENATOR HIGGINS IS DEAD

United States Senator Anthony Higgins of Delaware died today at the home of his brother in New York. Higgins had been ill for some time. He was 71 years of age and was the first Republican elected to the United States Senate from Delaware.

HURT IN FALL.

Joseph Smith, a window cleaner, living at 222 Ninth street, fell three feet from a window in the Security Bank building at Eleventh and Broadway this afternoon and sustained serious and continuing of his left hip, which were treated at the hospital by Steward P. Mack.

FIGHT AT BALTIMORE IS WAGED WITH VIGOR

eight delegates-at-large and the 20 delegates from the Chicago districts. Frank J. Quinn and Elmer Williams appear for the Sullivan faction, asserting that the contesting faction by ignoring the regular state convention had lost any claim it might have to regularity.

FIGHT IS STRENUOUS.

A bitter fight was made by the Illinois contestants on the rule of Roger Sullivan as national committeeman. The Hearst-Harrison men claimed to have carried a majority and to have controlled the Cook county convention.

They charged the Sullivan men had bolted that convention but that when the case of the Hearst-Harrison delegates was presented to the delegates of the Peoria convention the Sullivan faction was in control and refused them seats and the contesting forces found it useless to go into the convention next day and renew their fight.

APPEALS FOR PROTECTION.

"There had been daily stories in the papers," said Mayor Harrison, "that there was to be riot and bloodshed, and as mayor I was appealed to for police to keep order. At the recent Republican national convention I was appealed to by Mr. Revell, Sullivan's senator, for the same protection, and over 750 policemen were assigned to keep order at the gathering."

Roger Sullivan insisted on answering Mayor Harrison, although members of the committee were anxious to stop the Illinois argument. "This is a pretty story," he said, "I want to tell this committee that Mayor Harrison's statement is incorrect. Over six weeks before the committee met they planned to carry it through with the aid of John A. Owen, county judge."

The committee seated William H. Berry in the Seventh Pennsylvania district, affirming the decision of the national committee. The Ninth Pennsylvania contest was withdrawn. Contesting delegations from Porto Rico agreed to a division, each taking three seats.

Bryan Is Cheerful Despite His Defeat

BALTIMORE, June 26.—Bryan left the convention by a rear entrance soon after the vote on the temporary chairmanship was announced yesterday and resumed his conference in his rooms. Last night he said:

"The vote in the convention shows the attitude of the convention and my speech shows my view on the subject. I have no statement to make, except developments without impatience. I do not know of anything that needs to be added."

The Nebraska did not attend the night session of the convention to hear Judge Parker's speech, but remained in his rooms to attend to correspondence and confer with his friends. Later Bryan purposed joining the committee.

Bryan was apparently in cheerful humor, notwithstanding his defeat. He carefully refrained from giving any suggestion as to his future course of action in the convention. "I do not care to outline any program," "Would you care to make any statement of any plans which you will propose?" "No."

"Have there been any requests made upon you from the delegates?"

MAYOR PRESTON OF BALTIMORE, PROMINENT MEMBER OF THE COMMITTEE, IN CHARGE OF ENTERTAINING CONVENTION.

gates for any particular planks—say, for instance, on woman suffrage?"

MERELY SUGGESTIONS.

"I have had no requests made upon me for any planks. There have been two or three suggestions handed me, but I have not read them as yet."

"Some have suggested that my experience today might make you less interested in the present convention."

"I can tell you from time to time what degree of interest I may take without outlining it in advance."

"But you are going to stay here, are you not?"

"Well, we had to pay for these rooms for five days, and I guess we will get our money's worth by occupying them."

"While talking with some friends over the temporary chairmanship fight Bryan remarked, 'Well, the machine did not skid.'"

"But that is not saying that it will not," he suggested.

"I have not the gift of prophecy," said Bryan, "but I have a knowledge of history."

Bryan was in conference with Senator Kern when informed that Judge Parker had expressed a wish that every delegate would vote for the Nebraska as head of the resolutions committee. He sent word that he did not care to make any statement regarding Judge Parker's remarks unless he had read the whole speech.

That Bryan would accept if the committee selected him as chairman of the platform committee was taken for granted by Bryan's friends.

STATE CONVENTION IS GIVEN POWER

New Rights for Enforcement of Unit Rule Conveyed by Committee.

BALTIMORE, June 26.—An important proposition passed upon by the rules committee today was the recognition of the authority of a state convention to instruct delegates to the national conventions in the enforcement of the unit rule, in the absence of a specific statute.

The proposition of recognizing the authority of state conventions arose because of the situation in the Ohio delegation.

"But not out," added a friend. "With the qualification that I don't mind it a bit," smilingly said Bryan.

Roosevelt and Bryan Ticket Is Suggested

CHICAGO, June 26.—"We will make them sit up and take notice. The Progressive party is the party of the people, and the people will rule."

These were the words of George W. Perkins, supporter of Colonel Roosevelt, and one of the leaders in the third-party movement, as he left Chicago for the east yesterday.

News of the defeat of William J. Bryan in the Baltimore convention by the conservative faction was received with no concealment of joy by adherents of Theodore Roosevelt, who are busy with the preliminaries of organizing a new political party in New York.

"It means that Bryan can now openly declare his despair of injecting progressive principles into the Democratic party, and there is no reason why he himself should not run with Colonel Roosevelt in the fight."

The convention agreed to meet at 8 o'clock tonight to take up the problem of permanent organization, receive the reports of the credentials committee and possibly begin the nominating speeches for presidential candidates.

It has been decided at the request of Bryan to defer the drawing of a platform until after the nominations. Senator Ollie James of Kentucky had been agreed upon for permanent chairman of the convention and it was expected that at tonight's session there would be no friction in the permanent organization.

FOLK COMES FIRST.

Former Governor Joseph W. Folk of Missouri was the first speaker.

"The nominees of this convention will be the next president of the United States," he said.

He eulogized Bryan at length but the delegates grew restless and Chairman Parker admonished them to be quiet. Folk's speech was very brief and Senator Rayner of Maryland next was called on.

He also predicted success for the Democratic nominee and discussed the division in the Republican party and declared that the motto of the Taft faction would be "We will react and retrograde." The motto of the Roosevelt party he quoted as "Thou shalt not steal."

"Our motto in this campaign is 'We shall progress,' shouted Senator Rayner and the crowd cheered.

After he had spoken for several minutes in denunciation of Republican principles and predatory wealth, Congressman Henry D. Clayton of Alabama, the next speaker, turned to Democratic prospects.

WORD NOT REIGNS.

"I do not know upon whom the nomination of this convention—"

"Underwood," shouted an Alabama delegate.

"Clark," shouted a man from Missouri.

"Wilson," came in answering chorus from New Jersey.

for political freedom," said Modill McCormick.

Senator Dixon, Roosevelt's campaign manager, left for New York yesterday afternoon.

Charles E. Merriam, Republican candidate for mayor of Chicago last spring, was mentioned yesterday as the possible nominee for governor of the third party.

The leaders of the new party, it is said, have decided to nominate a full state ticket, congressional and legislative candidates in Illinois.

Their efforts in the congressional campaign, it is said, will be concentrated in the hope of defeating Congressman William B. McKinley, who managed President Taft's campaign; Joseph G. Cannon and William Rodenberg.

Plan for Progressive Party in Colorado

DENVER, June 26.—E. P. Costigan, chairman of the protesting Republican delegation from Colorado, that went to the Chicago convention, last night announced that a conference will be called within a few days to effect a permanent organization in Colorado for the third party movement. It is planned to select a full ticket at a state convention for submission to the people in the August primaries and for the election of Colorado delegates to the national third party convention.

Pastor Precipitates Bryan Demonstration

NORFOLK, Va., June 26.—Rev. Holmes S. Gravatt, pastor of a Methodist church at Camden, N. J., caused a prolonged demonstration for William Jennings Bryan at the night session of the world-wide Philathene-Baron convention last night. Rev. Gravatt was speaking on "The Symmetrical Character" and he referred to Bryan as a "true Christian gentleman." There was a deafening applause from 2000 delegates and speakers.

RHETORIC WAVE SWEEPS BALTIMORE CONVENTION

WIVES OF PROMINENT DEMOCRATS AT BALTIMORE. LEFT TO RIGHT, MRS. ROBERT E. MACK, MRS. TOM TAGGART.—Copyright, Bain News Service.

BALTIMORE, June 26.—A flood of oratory buried the delegates to the Democratic national convention under rhetoric waves today. The convention marked time through the entire day session, because the committee on credentials had not prepared its report. Half a dozen speakers delivered typical campaign speeches.

The convention agreed to meet at 8 o'clock tonight to take up the problem of permanent organization, receive the reports of the credentials committee and possibly begin the nominating speeches for presidential candidates.

It has been decided at the request of Bryan to defer the drawing of a platform until after the nominations. Senator Ollie James of Kentucky had been agreed upon for permanent chairman of the convention and it was expected that at tonight's session there would be no friction in the permanent organization.

FOLK COMES FIRST.

Former Governor Joseph W. Folk of Missouri was the first speaker.

"The nominees of this convention will be the next president of the United States," he said.

He eulogized Bryan at length but the delegates grew restless and Chairman Parker admonished them to be quiet. Folk's speech was very brief and Senator Rayner of Maryland next was called on.

He also predicted success for the Democratic nominee and discussed the division in the Republican party and declared that the motto of the Taft faction would be "We will react and retrograde." The motto of the Roosevelt party he quoted as "Thou shalt not steal."

"Our motto in this campaign is 'We shall progress,' shouted Senator Rayner and the crowd cheered.

After he had spoken for several minutes in denunciation of Republican principles and predatory wealth, Congressman Henry D. Clayton of Alabama, the next speaker, turned to Democratic prospects.

WORD NOT REIGNS.

"I do not know upon whom the nomination of this convention—"

"Underwood," shouted an Alabama delegate.

"Clark," shouted a man from Missouri.

"Wilson," came in answering chorus from New Jersey.

"Harmon," came the Ohio answer. Chairman Parker for some time made little effort to quiet the enthusiasts. Some of the delegates attempted to uproot the state standards but the policemen stopped them. One man obtained a big umbrella and started a parade but was headed off.

By this time Chairman Parker and the sergeant-at-arms were making frantic but vain attempts to restore order. Clayton at last made himself heard above the din. He declared that whoever the candidate was that candidate would be the next president of the United States.

State Chairman Kelly of Massachusetts was next introduced and spoke briefly on general issues and concluded with an endorsement of Clark.

GORE IS CHEERED.

A round of cheers greeted Senator Gore of Oklahoma, who was next introduced. The blind statesman was unable to proceed with his speech for some time.

"Let us have peace," said Gore in the course of his talk. "Let us have peace at any price, at any sacrifice save that of honor. Let us here put every Democrat under bonds to keep the peace."

A burst of applause greeted this sentiment. "Nothing can save the Republican party from self-slaughter except Democratic suicide."

"We cannot live half-progressive and half-reactionary. Theodore Roosevelt endeavored to breathe the breath of life of modern progress into the petrified remains of the Republican party. He failed. The dummy would not move."

"Nothing can save the Republican party from self-slaughter except Democratic suicide."

"Fellow Democrats," he said, "let the candidate of this convention be your candidate."

John T. Thompson, of Georgia and New York came next on the long list of orators.

Former Governor Campbell of Ohio denounced the Republican party in no uncertain tones. He was the last speaker.

An effort was made from the floor to upset the arrangement for tomorrow's session and adjourn the convention until 2 o'clock tomorrow afternoon. The attempt failed and at 2:17 the convention adjourned until 8 o'clock tonight.

OUTLOOK IS GOOD DECLARES WILSON

Some "Desperate to Beat Him," Says New Jersey Man.

SEA GIRT, N. J., June 26.—"The outlook at Baltimore is excellent," Governor Wilson said this afternoon, after conferring by telephone with his campaign managers there.

"How do you regard your prospects for the nomination?"

"Excellent," repeated the governor. "Have you heard the report at Baltimore that to insure harmony you have agreed to accept second place on the ticket?"

"All I care to say about that," the governor replied, "is that it is the futile talk of men who are desperate in their desire to beat me."

California Delegates Split on Chairman

BALTIMORE, June 26.—Theodore A. Bell labored hard to induce the California delegation to support Alton B. Parker for chairman of the convention, taking the ground that it would be to the interest of Champ Clark to have the New Yorker and that it would not do to allow Bryan to dominate the convention.

The vote was:

For Parker—Theodore A. Bell, James V. Coleman, Frank A. Salmans, William B. Shearer, J. V. Snyder, Thomas Fox, Harry T. Creswell, William F. Humphries, William A. Cole, James G. Maguire, Frank C. Drew, Robert Fitzgerald, George W. Mordecai, W. H. Hubbard, Guy B. Barham, A. H. Kalmeyer, Charles O. Dunbar, C. B. Andros—18.

For Bryan—Albert M. Stevens, C. A. Brown, J. T. Wisecarver, Milton H. Young, Robert W. Garner, Shubert R. McNoble, W. H. Rogers—7.

Mrs. Taft to Watch Convention at Work

BALTIMORE, June 26.—Mrs. Taft, wife of the president, will attend tomorrow's session of the convention. She will be the guest of Mrs. Wallace, wife of a delegate from the state of Washington.

Rivals Receive News From Busy Convention

WASHINGTON, June 26.—Speaker Clark and Oscar Underwood spent the day in their offices in the capitol receiving news from Baltimore. Both candidates were in touch with their managers by telephone, but declined to talk of developments in the convention.

Advices Bryan to Lead Baltimore Bolt

The following telegram was sent from this city today:

"Hon. William Jennings Bryan, Baltimore, Md.: If Wall street insists on controlling Baltimore convention in the interest of predatory wealth, as is now apparent, and as it did successfully at Chicago, all true patriots should walk out and join other progressives, thus saving the country from plutocratic domination. It's time to act."

'HOME INDUSTRY' IS OAKLAND'S CRY

Merchants' Exchange Directors Stand Solidly Behind Local Business.

Calling upon all city and county officials and citizens of Alameda county to patronize home industry, the directors of the Merchants' Exchange at their meeting last night passed resolutions expressing these sentiments. The resolutions were prepared after discussion at the last meeting in which members expressed themselves heartily in accord of such patronage. They are as follows:

"Whereas, the commercial development of the city of Oakland and the entire county of Alameda has been retarded by the tendency of its people to purchase goods outside of the county, and

"Whereas, the merchants and manufacturers of Alameda county are able and willing to furnish supplies of all kinds at fair and reasonable rates,

"Resolved, by the Merchants' Exchange of Oakland that we urgently request all purchasers to patronize local merchants and manufacturers, and we also request all city and county officials to use all honorable and legal means to secure the awarding of contracts for public supplies to firms paying taxes to raise the funds with which payment is made for such supplies."

The directors also listened to an illustrated talk by Wilber Walker, secretary of the Exchange, on the resources of Alameda county. The address was in part that which Walker gives throughout the extent of the Alameda county general exposition commission. He will at a future date give the entire address as it is given to advertise the county.

A discussion of the movement for the establishment of a state produce dealers' organization was also brought up by James P. Montgomery, who is opposed to the movement. The matter was referred to the Manufacturers' committee of the organization for consideration and report at the next meeting when Montgomery will again present the subject.

The following new members of the Exchange were elected:

Forteenth street, S. D. Aubry, 4754 East Fourteenth street; R. D. Seibel, 4065 East Fourteenth street; W. B. Walker, 220 East Fourteenth street; Chandler Grocery Company, 1219 East Fourteenth street; C. L. Ely, 7201 East Fourteenth street; W. Albert, 7217 East Fourteenth street; George Eckhardt, 503 East Fourteenth street; F. W. Schneider, 9237 East Fourteenth street; R. W. Tutt Company, 4435 East Fourteenth street; Souza Brothers 1450 Forteenth street; Bird Rymer Company, 2213 East Fourteenth street; J. C. McWally, 1574 San Pablo avenue; A. C. Thompson, 5201 East Fourteenth street; P. M. Holt 5005 East Fourteenth street.

BOY AND MATCHES SCARE HAYWARD

Lad Builds Bonfire in Barn and Business Block Is Threatened.

HAYWARD, June 27.—A small boy playing with matches set light to a barn at the back of the Cottage bakery yesterday afternoon and for a while the flames threatened the entire business block situated in the center of the town. Owing to the lack of a sufficient water supply the volunteer water department under Chief Edges was badly handicapped, and with great difficulty the flames were kept from spreading to adjoining buildings and only the barn was burned. The loss is estimated at several hundred dollars. Considerable hay was stored in the building owned by Mrs. A. Hayona. The lad who is responsible for the blaze is George Libbard, the son of Rudolph Libbard, owner of the Cottage bakery. After the fire had been put out the lad confessed to his guilt and said that he had amused himself burning small quantities of hay in the barn.

The most exciting thing to a woman about a letter she expects is when it doesn't come.

OAKLAND MAN SHOOT'S HIMSELF

Bookkeeper Takes Own Life in San Francisco; Cause Unknown.

SAN FRANCISCO, June 26.—Ernest Walker, a bookkeeper for the Lebanon Paper company of this city, and residing at 1022 Hopkins street, Oakland, committed suicide today in the rear of the ship chandlery at 118 Howard street. Walker left the paper company's office on Sansome street shortly before noon and proceeded at once to the ship chandlery, where he conversed for a few moments with the manager, after which he went into the laboratory. A few seconds later a shot was heard and he was found unconscious with blood pouring from a bullet wound in his head. He was taken to the Harbor hospital, where he died while Dr. Miller was working over him.

Walker was 28 years old. The manager of the Lebanon Paper company stated that his accounts were all straight and he could give no reason for the suicide.

Half a century ago Uncle Sam placed his Apaches under armed guard on a reservation, but New York never could learn by experience.

HOTEL SHIELD IS PRODUCT OF LAWYER'S PEN

HOTEL OAKLAND SEAL

The design for the new seal of the Hotel Oakland has been selected. It is the work of Attorney Rose of San Francisco, and has received the approval and adoption of Hotel Designer Walter D. Bliss, Manager Victor Reiter, and the operating committee of the hotel. It will be used to emblazon all the hotel silverware, glassware, linen, curtains and other materials where such a design can be employed.

The seal chosen is conventional in design. Its central pattern is a shield upon which is inscribed "Hotel Oakland" while beneath are sprays of oak leaves and acorns.

Manager Reiter, who leaves for the east tomorrow where he will spend some three weeks with Edison F. Adams, chairman of the operating committee of the hotel association, in inspecting designs for furnishings, will take this seal with him for use in further designing. The two men will go to Grand Rapids to consult with heads of furniture manufacturing, to New York and several other eastern centers.

Although no definite date for the opening of the hotel has been given, it is hoped to have it arranged for some time in December. In anticipation of that event, officials of the chamber of commerce will consult with representatives of the hotel over arrangements for a large reception or other function to throw the building open to the public.

THIRSTY DOBBINS CAN DRINK FILL

Council Appropriates Funds for Downtown Water Troughs.

Two water troughs for horses are to be constructed by the street department, one at Third and Market streets and one at Jefferson street, between Tenth and Eleventh. The troughs will cost \$215, an appropriation of this amount having been made by the council on the recommendation of Commissioner of Streets W. J. Haggan this morning.

The council also acted favorably on the following:

Requesting the civil service board to furnish eligible list for eight class "B" inspectors for the department of streets.

Directing superintendent of streets to notify property owners to lay sidewalks in twenty days on Fifty-eighth street, between Genoa and Grove streets, and on Sixty-first street, between Telegraph avenue and Racine street.

Appointing certain persons laborers in the department of streets.

Directing superintendent of streets to prepare specifications for supplying heavy road oil for street surfacing purposes delivered at pit for new fiscal year.

Directing superintendent of streets to prepare specifications for supplying and spreading heavy road oil for street surfacing purposes for fiscal year ending June 30, 1913.

Directing superintendent of streets to prepare specifications for supplying road and screenings for macadamizing purposes for fiscal year ending June 30, 1913.

DR. WHITE RETURNS FROM M. E. CONFERENCE

Rev. Dr. George W. White, pastor of the First Methodist Episcopal church of this city, returned several days ago from a tour of the eastern states, where he attended the sessions of the Methodist general conference in Minneapolis. During his sojourn in the east he visited the former home in Iowa, where he was welcomed by leaders of friends. He delivered sermons before large congregations in Des Moines, Sioux City and Iowa.

In company with six clergymen and the same number of laymen Dr. White represented the California conference at the convention.

'MIKE' HAYES GETS IN BAD WITH PROSECUTOR

When M. J. Hayes, better known as "Mike" Hayes of Emeryville, visited the office of District Attorney W. H. SAYS SAN FRANCISCO SHOULD BE ASHAMED

SAN FRANCISCO, June 26.—"It's a disgrace to San Francisco that officials of another city should have to come over here and call our attention to the fact that we should clean up Butchertown." This was what Dr. Guy Manning told his fellow members of the Board of Health last night in a severe grilling to all concerned in the inspection service.

He urged that the board take radical steps to improve the situation.

The condition of the slaughter house district in this city was brought to light when the city officials of Oakland placed a ban upon the meat from San Francisco. Later Mayor McCall of Oakland and Mayor Ralph and local health officers and repeated their charges of laxity and negligence. The board tomorrow night will have another conference with Oakland officials.

ASKS DAMAGES FOR WRECKING OF AUTO

Hans Iversen, whose San Francisco-Oakland Terminal Railway to pay him \$400 alleged damage done to his automobile when he left it standing upon the tracks of the company in San Pablo avenue one evening. Plaintiff states that he was running the automobile "on skids" for the reason that it was out of commission and that he was taking it to the repair shop when the skids came caught on the tracks. Then a car came along and bumped the obstruction, completing the damage. Iversen says that there was a red light burning on the automobile and that the motorman should have stopped before he struck it.

SHORT AND UGLY WORD RENDS AIR

Attorneys Have Altercation in Court During Henry Trial.

"That's a lie! I never did such a thing. That is a lie!"

These words were shouted by Attorney J. Colvin of San Francisco today in response to an accusation by Prosecuting Attorney W. J. Hennessey that the attorneys for Thomas B. Henry had attempted to tamper with the witness.

There was a loud altercation between Hennessey and Colvin, the two attorneys shouting into each other's faces and bidding defiance to each other, and the trouble was quieted only when Judge George Samuels declared that he would make a formal order of contempt if the high words were not retraced.

Attorney Colvin apologized to the court for losing his temper, and the case was permitted to proceed. The altercation occurred at the conclusion of a preliminary examination of Henry, who was recently brought back from Chicago on a felony charge filed by Alfred W. Wehe, an Oakland realty dealer, who charged Henry with grand larceny. The testimony this morning developed a number of ludicrous "Gee-Whizz-Quick-Wal-lingo" features to the transactions between Wehe and Henry.

Henry had represented himself, according to Wehe, as having been admitted to the bar of the United States Supreme Court as a result of being recognized as an eminent English barrister. Wehe made no attempt to introduce evidence to impeach Henry on their face value, and employed Henry to go with him to Washington to appear for him as counsel. It is alleged by Wehe that he was induced to advance Henry large sums of money as a result of the claims made by the man who claims to be the son of an old English family belonging to the nobility.

The rift between Prosecuting Attorney Hennessey and Attorney Colvin, who appears for Henry, occurred before the commencement of the hearing this morning. Colvin had asked that the court make an order demanding that all the witnesses should be excluded from the courtroom excepting the witness under examination. Judge Samuels agreed to this.

DIDN'T LIKE TALK.

Before the witness was placed on the stand Hennessey and Attorney Colvin with Wehe and Inspector Richard M. Sohier.

Object to this conversation," declared Colvin. "It is a violation of the order just made by the court. It gives an opportunity to tamper with the witness. I am strictly within my rights," responded Hennessey. "And at least I have never attempted to tamper with a case out of court by tampering with a witness."

This shot was aimed at the action of Colvin in objecting to Hennessey's attempt to return money to the complaining witness in the third felony charge against Henry.

"It's a lie," shouted Colvin at the top of his voice.

Keefe hammered on the table for order, and several policemen, including Corporal McCarthy and Bailiff George Flynn rushed into the courtroom.

"I shall issue an order in this court if there is any more disorder that will prevent anything of this kind happening again," declared Judge Samuels.

Henry, the defendant, remained quiet during the altercation, and throughout the examination took shorthand notes of the proceedings. The case was continued to the afternoon.

Witnesses called upon were Wehe, his partner, C. A. Russell, Attorney Lettrel and Miss Hazel Lewis, a stenographer.

CLAIMS ALLOWED ON CITY TREASURY

On the recommendation of Commissioner of Finance and Revenue John Forester, the following claims against the treasury were allowed by the city council this morning.

On the school building bond redemption fund—The First National Bank of Oakland, Cal., \$20,000, \$500.

On the salary fund—Salaries of civil service board amounting to \$600.

RAILROAD MEN WHAT JOB DOES TURN THIEVES OFFICER HOLD?

Oakland Pair Found Throwing Goods Off Train Into the Bay.

Mysterious thefts of large quantities of goods in transit in freight cars over the Dumbarton cut-off which have for several months puzzled the railroad officials were solved today by Special Officers Dan O'Connell and T. Reardon, when they discovered George Witman and Lawson Hicks, Oakland men, throwing boxes of goods from a car into the bay.

The officers were on watch at the eastern end of the cut-off when they saw boxes being hurled from the train. The train was stopped and upon investigation the two men were found concealed in one of the cars.

It is the belief of the detectives that the operations had been carried on for some time. Of late considerable quantities of freight had been missing and the officers were at a loss to cope with the thieves. Both prisoners were brought to the county jail, where a charge of burglary was entered against them. In the loot taken today were several boxes of shoes, masks of whiskey and other articles.

Arriving at the first stop beyond the bridge they would leave the train. The officers were on watch at the eastern end of the cut-off when they saw boxes being hurled from the train. The train was stopped and upon investigation the two men were found concealed in one of the cars.

ESPERANTISTS TO HEAR LECTURER

French Political Victory Is Encouraging to Students of World Language.

The Oakland branch of the Universal Esperanto Association will hold its regular monthly meeting in the Oakland High school, on Twelfth street, between Jefferson and Grove street, on Thursday evening.

A cordial invitation is given to all attending the summer school at the university and to all clubwomen attending the convention in San Francisco, especially to any from Europe who may be conversant with the world language. F. E. Cornish will discuss the recent political victories of the Esperantists in France, especially in the city of Cannes, Provence, where the Esperantists elected their nominees, standing on a platform of one plank—the spread of Esperanto.

ABBREVIATED BATHING COSTUMES FORBIDDEN

ATLANTIC CITY, N. J., June 26.—The wearing of abbreviated bathing costumes by either men or women is prohibited in an order issued by Mayor Bacharach to take effect at once.

The beach patrol and life guards have been directed to give out warning and follow that with an arrest if violations are continued.

DR. M'KEE TO SEEK STATE SENATE TOGA

SACRAMENTO, June 25.—Dr. J. A. McKee, who represented the Sacramento district in the State senate in the 36th and 37th sessions of the legislature, yesterday announced his candidacy for the Republican nomination for the office again. The office was held at the last two sessions by Senator C. B. Bills.

FIRST MODEL OF PACIFIC SPECIAL IS COMPLETED

California Made Car Undergoes Final Test; Initial Car Is Finished and Ready for Delivery

After a year of careful observation of the automobile market and a close, exhaustive study of the best to be found in motor car construction, the California Motor Car Company, the local automobile manufacturer, have brought out their first model of the Pacific Special. More than this, material has been ordered and most of it is now here for the first 100 cars to be made.

Seventy-five bodies are either nearing completion or are in the course of construction and more than two dozen chassis are in process of assembly. The first car to be made has practically received its final tests and Designer Schram and President Sachs of the company are satisfied that the car can withstand all the severity and abuse any owner might subject a Special to.

More than 30 men are now employed in the various departments of the local concern and additional help is being added every week. In the next month or two cars will be completed and delivered at the rate of two a week, and the number increased as the manufacturing efficiency becomes more perfect.

SPECIAL DEPARTMENT OPENED.
A special department has been opened for handling outside work of all kinds. Radiators of any design or type can be built to special order, mud guards, fender doors, bodies, either limousine, touring or roadster, be made. Upholstering and top making are included in branches of work they do.

An air of hustle, bustle and activity permeates the two floors of the establishment. Each employee figures himself a part of the big organization and is bent on giving his best energies to the interests of his company.

A. J. Schram and Walter Sachs, the men responsible for the Special, have given their entire time for the last 18 months, first in the formation of the company back of it, and second in the real serious business of producing the car itself. It does seem as though their efforts are near reward. They have succeeded in making a car that will appeal to the most critical and one that will stand favorable comparison, point for point, with the best in the land. Incidentally they have brought to California a manufacturing industry the state is in dire need of. Californians who are motor car owners or prospective buyers should look into this truly western car before deciding on a new model.

RAUCH & LANG MOVE.
The Rauch & Lang Sales Company has taken possession of the quarters which have just been modeled for them on Broadway at Twentieth street. The location is ideal for the business purposes of the R. & L. electric.

Prospects for the summer business, W. D. Vance, the manager of the branch, states, are the best in his several years' affiliation with the sale of this class of car.

At this time the Rauch & Lang is well represented in the matter of owners in Oakland, Berkeley and Alameda.

RECEIVE FIRST DAYTON TRUCKS.
The Pan American Motors Company has received its first large shipment of the Durable Dayton trucks, a line this company recently took on. Captain Cole, general manager of the firm, advises that practically all of them will go out on deliveries. A large market for the Dayton has been opened in this part of the state.

EMISE LIES SOUTH.
Sales Manager Emise of the Lozier Motor Company, who has been visiting the San Francisco branch, left last night for Los Angeles. Emise is well satisfied that the season of 1913 will eclipse any previous year in the sale of Lozier cars.

RACOLE SALESMAN GOES EAST.
Al Meyer, formerly manager of the Oakland store operated by F. M. Jones and now occupying the position of traveling man for the same firm, left on Sunday morning for an extended visit to the factories represented on the coast by Jones. Mr. Meyer will be away about four weeks.

DUBLIN CANYON ROAD IS BAD.
A. C. Hull, manager of the Maxwell Sales Agency, claims that the Dublin canyon road, which was in good shape a few weeks ago, has just developed a considerable distance. He advises motorists who intend driving to Pleasanton or Livermore to take the Niles canyon route.

SUES ON ACCOUNT OF AEROPLANE ACCIDENT

FREEDHOLD, N. J., June 26.—The trial of a suit for \$15,000 damages brought by Morris Gorsuch, a newsboy, for injuries received by being "run over" by an aeroplane, is under way here today. The suit is brought against the Asbury Park Aero club, Walter A. Brookings and Wright Brothers.

The accident occurred on the Asbury Park aviation ground in 1910. Gorsuch was selling newspapers when he was hit by an aeroplane driven by Brookings, who made an unexpected descent. The newsboy suffered a fractured arm and other injuries.

CONTEMPT CASE IS IN HANDS OF COURT

LOS ANGELES, Cal., June 26.—After several days of argument before Federal Judge Welburn the case against R. F. Pohlman of Seattle, business agent of the structural iron workers' union, charged with contempt of court, was taken under advisement. A decision is expected within a few days. Pohlman was cited for contempt for his refusal to answer certain questions put to him by the federal grand jury which was investigating the recent dynamite conspiracy.

RAUCH & LANG MOVE.
The Rauch & Lang Sales Company has taken possession of the quarters which have just been modeled for them on Broadway at Twentieth street. The location is ideal for the business purposes of the R. & L. electric.

Prospects for the summer business, W. D. Vance, the manager of the branch, states, are the best in his several years' affiliation with the sale of this class of car.

At this time the Rauch & Lang is well represented in the matter of owners in Oakland, Berkeley and Alameda.

RECEIVE FIRST DAYTON TRUCKS.
The Pan American Motors Company has received its first large shipment of the Durable Dayton trucks, a line this company recently took on. Captain Cole, general manager of the firm, advises that practically all of them will go out on deliveries. A large market for the Dayton has been opened in this part of the state.

NEW FOG SIGNALS TO BE INSTALLED

Pacific Coast Shipping to Be Well Protected by Electric Device.

By the proposed adoption of electric fog signals the government expects within a few weeks to revolutionize the entire lighthouse service on the coast, make ocean travel safer, and install equipment which will serve as a constant warning for all vessels in all kinds of weather.

The project was conceived by Captain W. A. Moffett, inspector in charge of Pacific coast lighthouses, and consists merely of siren whistles, with a distinctive sound that can be heard for miles over the water and cannot be confused with other warnings.

The greatest advantage in the new device is found in the fact that it can be thrown over a cliff or a point anywhere on land and operated by a small motor, throwing forth its siren warning constantly every minute of the day by the mere pressing of a button and at a cost of 2 cents an hour. No attendant is required to operate it. A system of lights also is flashed in connection.

There are 26 prominent stations along the coast, starting at Point Loma, and though all will be replaced gradually, the government plans at the same time to install the electric whistle at every point where they may serve to guide vessels in fog or distress.

With E. L. Woodruff, superintendent, and A. R. Perkins, lampist, of the lighthouse service, Captain Moffett conducted his final tests yesterday, which proved the device to fill every requirement. The party sailed over the bay in the government lighthouse tender Madrona, and the new electric siren can be heard from Yerba Buena as far as four and a half miles.

ROCK ON TRACK OF DEMOCRATIC R. R.

Attempt to Railroad Bourbon Senator Meets With Failure.

CARSON, June 25.—Governor Tasker L. Odell and George Wingfield, recently appointed, but not yet qualified to fill the vacancy in the United States Senate, caused by the death of Senator George S. Nixon, crossed the boundaries of the State yesterday, and Wingfield thereby nearly lost his chance to don his toga.

The two did not leave due to the refusal of Lieutenant Governor Gilbert Ross, a Democrat, to accede to the wishes of a group of politicians, who attempted to railroad a Democrat into the Senate as a successor to the late Senator Nixon, a Republican. Governor Odell and Wingfield are Republicans.

Learning that the governor was out of the State, opponents of Wingfield hastily consulted attorneys, who coincided with their view that a vacancy in the Senate still existed. They then called upon Acting Governor Ross, who declined to act.

"I do not believe in snap judgment in political matters," said Ross, "nor do I know of a Democrat qualified for the position, who would take advantage of the circumstances to defeat the Governor's wishes. Why should we jockey for such small advantage, when we will regularly elect a Democrat this fall, who will go to Washington with the solid vote of the people behind him?"

A Democratic Legislature elected Senator Nixon in accordance with a direct preferential vote, in which Nixon defeated Key Pittman.

HALTS MURDER TRIAL TO MARRY COUPLE

REDDING, June 25.—The Harum murder trial was broken yesterday by Cupid. Judge J. E. Barber adjourned court long enough to perform the ceremony for a double wedding in his chambers.

The twelve weary jurors were interested spectators. The couples married were Frank A. Baxter and Miss Nellie A. Childs both of Mantion, and Clarence M. Lambuth and Miss Nettie J. Brinkbill of Chico.

HACK DRIVER IS HURT IN COLLISION

Sam Mottram, an aged hack driver, living at 421 East Fifteenth street, was thrown from his seat in a collision with a street car at East Fourteenth street and Sixth avenue shortly before 8 o'clock this morning. He sustained slight concussion of the brain and an abrasion of his right knee. Superintendent J. P. Porter of the traction company took Mottram to the receiving hospital, where his injury was dressed by Steward Platt.

CONDEMN LAND FOR ST. EXTENSION

Proceedings Brought Against J. P. H. Dunn Estate to Open Washington.

Condemnation proceedings brought by the city of Oakland against the estate of the late James P. H. Dunn to acquire property on the northwest corner of Fifteenth street and San Pablo avenue for the extension of Washington street north past the new city hall, were heard before Superior Judge Wells today. As a result the city will pay \$13,214.25 for the property. \$10,228.93 of that amount representing the land that will be actually used by the street opening while \$2,985.32 is the amount of damages allowed for the remainder of the property.

Catherine Chabot Dunn, administratrix of the estate, has been ordered by the city to pay for the property not taken and which it was claimed would be impaired through the city's taking the greater portion. James P. H. Dunn was the owner of an undivided one-seventh part of the property.

A resolution was passed by the old city council in June, 1910, providing for the opening of Washington street. The work is now about to be commenced as it is expected that the old city hall which now stands as an obstruction will have been removed about the first of September and the lower floor of the new building made ready for occupancy.

Oakland Merits Federal Aid.

Dredging has commenced in the Key Route basin for the creation of one of the most magnificent land-locked harbors in the world. When this dredging is completed and the rock walls on each side protect the basin from the drift of silt from the Sacramento-San Joaquin streams, it will be known throughout the world as one of the finest that has ever been constructed. Only the great land-locked waterways constructed by the ancient Carthaginians for the great navies and merchant marine of that imperial city will stand comparison with this splendid harbor.

In the creation of such a harbor, which will be a matter of pride for California and the Pacific Coast, Oakland is doing her share. Having fought for possession of her water front and won out in the courts, this city is now expending great sums of money for the improvement thereof. The municipality is now spending about \$230,000, and it is probable that the city will add another \$250,000 to this, making half a million dollars expended by the municipality. The Key Route is planning to expend over \$500,000 on dredging, bringing the total invested locally to over \$1,000,000.

Considering that the harbor will work a benefit to the entire state and will in the end benefit the country at large through facilitating the bringing together in the most economical and efficient manner ship and rail for the big trade with the Orient, it is fitting that Oakland should be given federal aid. Other cities where there has not been such efficient and ceaseless local enterprise have been given assistance in like projects by the federal government, and there is every reason to believe that Congress will see fit to recognize the just claims of Oakland to like assistance.

In presenting such a claim to the district representatives at Washington, Mayor Mott has shown foresight and judgment. The Mayor has proved that the development and improvement and welfare of Oakland is a matter that he has well at heart, and a subject to which he has given careful attention. Only by ceaseless vigilance and persistent straining forward toward the desired goal will it be possible to place Oakland in the forefront about the time of the opening of the big canal at Panama.

Scarcely will the boom of the big guns have died away in the distance when the local artillery will begin to pop away in the local campaign; all of which reminds us that life's just one blamed thing political after another.

When county officials put themselves on a level with barroom sweepings it is about time that the people sat up and asked themselves, "Why is saw-dust?"

Fascination of the Future.

The fascination of the future lies in the fact that it is unknown. Fortunately for the spirit mediums, the gypsies, the seers and the palmists about town, many people are unaware of this truth and are willing to pay hard cash for a glimpse of the unknowable.

In the spring the young man's fancy lightly turns, and turns and turns; and in the spring and summer the crop of gypsy fortune tellers increases about fifty fold. It is apparent that the young woman's fancy also turns, and she seeks out the fortune teller to find out whether the youth's head is spinning in the same direction.

Flaring signs are displayed up and down the streets advertising the ability of some lucre-seeking soothsayer to read the stars or the cards to the heart's contentment. It is an interesting trade, looked at from either the inside or the out, and the peculiar and persistent futility of the human intellect which makes it possible to prosper at such a trade is one of the seven wonders. There is a little shop in Oakland which makes a specialty of dealing with professional mediums only, selling them magic apparatus, equipment and stock in trade of various kinds, from pieces of glass for crystal gazing to intricate mechanism for materializing the dear departed. And the shopkeeper makes money.

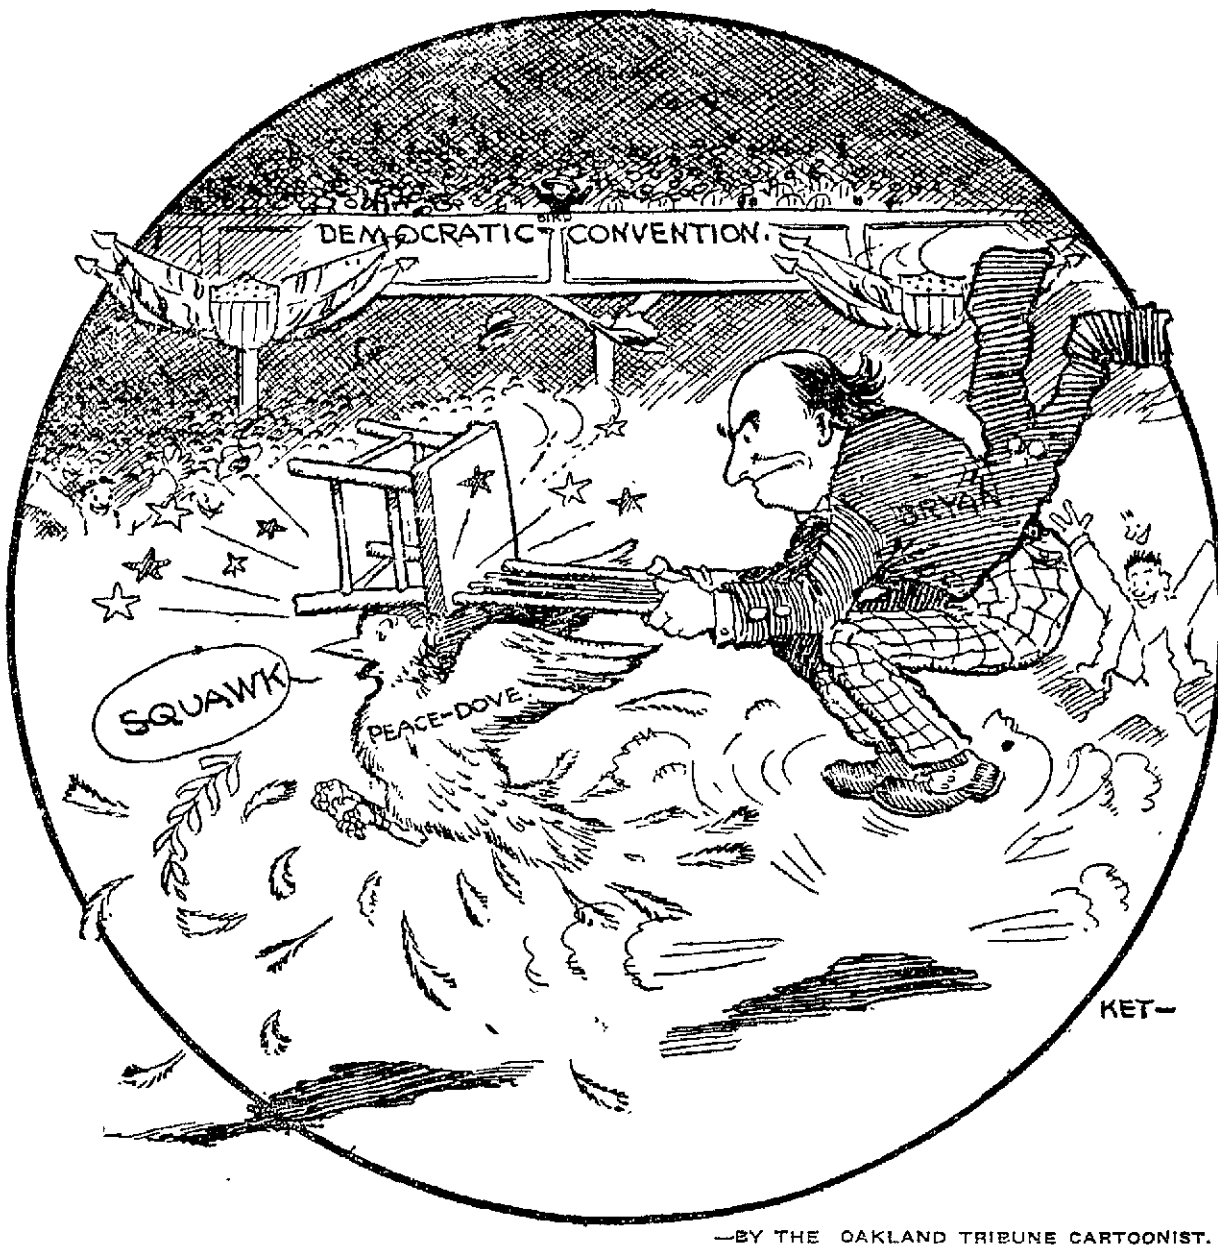

Science has smashed with an irresistible battering ram the strange fallacies which made it possible to entertain a belief in the possibility of penetrating the future. With invincible logic the scientist has brought together systems relating thousands of tiny facts to one another in an almost inconceivably intricate and complex manner. And yet with the fullness of scientific knowledge it is recognized that without an intimate and exhaustive knowledge of these manifold relationships it is impossible to predict with certainty the result of even a simple chemical or physical experiment involving three or four simple factors.

Compared with this simple experiment the infinite complexity of human relationships presents itself as an absolutely and eternally insolvable mystery. The utmost delicacy of psychological insight and experiment will never be able to foretell definitely the reaction of a human mind in any given situation with any degree of certainty.

But the flood of human beings sweeps unthinkingly past the landmarks achieved and set up by the scientist. The future of each individual stands out to that individual as somehow all-important in the eternal order of things, and it offers no difficulty to his simple mind to believe that some stupid miracle-worker can tap the complex and heterogeneous flux of things and tell him just what part he shall play in the intricate game of life.

So the fortune tellers ply their craft, and the star-eyed maid who would not trust her dark-skinned gypsy adviser in varicolored array to choose a hat for her, asks for the truth as to her choice of a husband; while the sharp-faced business man who would not take the spirit medium's opinion on the value of a piece of real estate in his own town, plunges wildly in the more difficult world of stocks, or places his money in a distant hole in the ground in the hope that a forgotten mine will pan pure gold.

NO USE FOR IT

When Candy Is Wholesome.

Candy is good for the growing child, say some of the best known physicians, and it is good news for the youngsters. All debate on the point may cease with this testimony.

But the question is not one of candy, but of its dressing and fine colors, made of dyes, often dangerous in quantity, and always harmful in some degree to a human body.

For example, in a recent Child's Welfare League exhibit held in New York was shown a hat, trimmed with a beautiful and brilliant pink ribbon, which was much admired. The ribbon was originally pure white, but some sixty cent candy was purchased, and the children of the school, where the experiment was performed, were permitted to witness the feat of taking the coloring matter from the candy and applying it to the ribbon. Thus they gained an idea of what stuff is in some of the candies they eat.

Let it be kept in mind that candy, when it is pure, is an excellent food, and all that is needed to keep it right is to deal rightly with those who make it. Just a gentle little club, not stuffed, is the dessert of those who sell dishonest candies, just as for those who adulterate or partially poison any other article of food.

BEEFSTEAKS FOR KISSES

Spread the glad tidings along the Rialto, and let the good news percolate through every theatrical boarding house from Fifty-third street to the park. Let not the heart of the impetuous chorus girl be troubled. If the landlady burdens her heart, seizes the trunk, and raises a deprecating hand when matters touch in on and appetizing to ham and eggs are mentioned, despair not. Out in Logansport, Ind., there resides one Chas. Boone, proprietor of what is vulgarly known as a "boneyard," who does upon the fair creatures of the stage to such an extent that he is willing, nay, anxious, to trade perfectly good victuals for a nod or a clasp of a fairy hand, while in return for a kiss or two he stands ready at all times to serve a banquet with wine on the side for a cozy little hug thrown in by way of good measure.

So "The Chorus Lady" who finds herself stranded on Broadway by the receding tide of a season of thirty-five weeks on the road, some nine years ago, when she was everything, has only to arrange for transportation to Logansport to find herself self-reveling in a land of milk and honey. There is but one drawback: Mrs. Boone objects. It is really cruel of Mrs. Boone to take such an unreasonable view of her husband's generosity; but she does. In fact, it was through her suit for divorce that the new scale of prices in the Cafe Boone came to light.

Here is the price list for the footlight queens who may happen to drop in on Chas. Boone when they find the high cost of living pinching:

Coffee and rolls, a nod.
Coffee and rolls with one fried egg, a box.
Ham and eggs and coffee, with buckwheat cakes on the side, a smile.
Large porterhouse steak, with all accessories, including salad, one kiss.
Dinner course dinner, from three to one dozen kisses.

It does seem certain that Mr. Boone is wasting his talents in an Indiana town. There is a splendid business opportunity awaiting him on Forty-second street as soon as he can compose his matrimonial litigation.—Washington Post.

FOOD CULTS

Of the evils of the use of alcoholic drinks the world has been fully advised by the prohibitionists, the ponderous treatise of medical men and the "body reconstructors" who maintain sanatoriums. Nobody can fail to be aware that coffee contains a deadly principle which saps vitality and destroys mind and body. Tea, we are told, is no less bad, though more insidious. Milk, the drink of Colonel Roosevelt, does not agree with many persons, and so what is the world going to do, now that a Baltimore doctor has announced that water—pure, sparkling water—is at times more dangerous than the demon rum?

Some persons who are able to pay butchers' bills even at the present rates maintain that meat is rank poison when introduced into the stomach. They do not exclude the chop, the beefsteak or the fowl. On the other hand, there are columns of statistics to show the gradual deterioration of the vegetarian, his lack of reserve power for sustained effort and his susceptibility to various diseases. Some ascetic spirits aver that serenity of soul and soundness of body can be combined on a diet of raw nuts, vegetables and grains, and not much of that. Sugar in all its variations is held to be deadly by others. The food cults are innumerable, and the individual who escapes conversation must have a sound mind and a sound body. But in spite of all the butchers and the bakers and the grocers and the brewers, distillers and vintners continue to do business, mankind con-

CONQUERING DISEASE

The remarkable decrease of the death rate on the Isthmus of Panama is frequently cited with justifiable pride as a fine achievement of American sanitary administration. It is that, but it is also simply a part of a practically world-wide triumph of constantly increasing proportions over disease, and particularly over those epidemic plagues which for ages were most deadly. Particularly is it a triumph over the diseases which prevail in tropical countries, having been brought about by the necessities of tropical colonization, and being effected chiefly through use of resources which bacteriological science has placed at our command—the exclusion or extermination of the plague-bearing mosquitoes and the rat, the safeguarding of water supplies and the use of inoculatory lymph.

Note, for example, the record of the Gold Coast and other West African colonies, which have long been branded as the graveyards of white colonists. In the years from 1881 to 1897 the white death rate on the Gold Coast averaged 75.8 in the thousand each year, and even in Lagos it was 53.8. Since then persistent campaigns have been waged against mosquitoes and rats, water supplies have been purified and protected and there have been inoculations against typhoid. The result is writ large in vital statistics. In the years 1903-'06 the death rate was 24.3 in 1907-'11 it was 17.6, and in 1911 it was 12.9. That is a record worthy to be bracketed with our own at Panama.

In India there is a standing British army of about 72,000 men, in which malarial fevers are the most common, but enteric fever was formerly by far the most deadly ailment. Comparatively little progress has been made against the former, but enteric disorders have been combated with sanitation and inoculation—the latter purely voluntary, but widespread—with results so gratifying as to offer a reasonable prospect of complete extinction. Five years ago the death rate from this cause was 2.68 in the thousand, which was a marked reduction from earlier rates. In 1910 it was reduced to 1.58, and last year it was only .63. The number of cases admitted to hospitals was 23.6 to the thousand in 1891-1890; it was 13.7 in 1908-'09, and in 1910 it was 4.6 in 1911.—New York Tribune.

ITALIAN WAR SPIRIT

The most striking and perhaps the most important feature of the Turko-Italian war is the attitude toward it which from the first has been maintained by the Italian people. They are not essentially a warlike people, at least in the sense of being aggressively warlike for war's own sake. They have suffered much from wars and from the burdens of militarism, and it is within easy recollection that they once turned against so great a statesman and leader as Francesco Crispien simply because he had led them into losses and disaster. They would be entirely capable of protesting against the present war, if they regarded it unnecessary, unjust or unprofitable. "My country, right or wrong," is their principle, of course, when Italy is attacked; but not necessarily when she is the aggressor. But from Milan to Naples they have been and are a unit in enthusiastic support of the war against Turkey.

This is probably to be chiefly explained in the assertion and gratification of the Italian sense of what we may term national manhood. For fifty years armed.—New York Tribune.

CLARA S. HINSHLWOOD,
5820 Rainier Ave., Seattle.

"Nature intended Sulphur as a disinfectant for man," say the interesting 32-page booklet about Sulphur and its uses, which will send free upon request. "Sulphur is found in the water of wonderland for soaking and is found in vegetable and animal life. The human system should, it normal, contain a certain percentage of Sulphur. The hair nearly 5 per cent; the nails also contain it. Some of the products of the digestive juices contain large proportions of Sulphur. Did it ever occur to you that Nature provided you with Sulphur to act as a disinfectant?"
"If the laws and calls of Nature have been overlooked, and poison and disease germs have been allowed to accumulate, is not Sulphur Nature's own remedy for this condition?"
This booklet will open your eyes to a new, common-sense treatment of disease. It accompanies each bottle of Sulphur, 50 cents and \$1 in all drug stores. C. M. C. Stewart Sulphur Co., 71 Columbia St., Seattle, Wash.

BANDIT VICTIM OF POLICE COUP

Highwayman Captured by Officers Secreted in Milk Wagon.

When a lone highwayman, giving the name of George Brown of Elmhurst, attempted to holdup Frank P. Dutra of Hayward at the city limits at an early hour this morning, he failed to observe that two policemen in plain clothes were riding behind Dutra concealed by the seat of the wagon. The two policemen leaped from the wagon and covered the robber with their revolvers, effecting his arrest.

The capture of the highwayman was brought about by a carefully planned coup by the police. Manuel Caton, a milk wagon driver, informed the police at 2:35 o'clock this morning that he had been stopped by a masked and armed robber at East Fourteenth street and One Hundred and Seventh avenue. The robber had stepped from behind a tree at a bend in the road and had leveled a revolver at his head.

Caton was frightened speechless and permitted the robber to search his pockets and take 50 cents in change and a clasp knife. He had in his possession. The robber then told him to drive on, and not to tell of the robbery if he valued his life.

Caton drove to the Melrose police station and told his story, stuttering with fear as he talked. Captain Charles Book was notified and, under orders of Captain Book and Captain Brown, Patrolmen Enright and Henniger, hastily changed from their uniforms to citizens' clothes and started out the road toward One Hundred and Seventh avenue.

As they neared the place the two policemen met a milk wagon driven by Frank P. Dutra of Hayward road west of the San Leandro junction. They impressed Dutra and his wagon into service, secreting themselves behind the seat.

Dutra was not very happy over the turn of events, but complied with the demand of the two officers. The wagon was driven toward the corner where the first holdup had taken place.

Dutra approached the bend in the road the highwayman stepped forth. He wore a black suit of clothes and a black hat, and the lower part of his face was covered with a handkerchief.

"Hold up your hands!" commanded the bandit, leveling his revolver at Dutra's head.

SEIZE BANDIT.
The words were hardly spoken before Enright and Henniger had leaped from their hiding place and were upon the bandit, their revolvers drawn and ready for action.

"We've got you," called out the two policemen, and the robber, taken unaware, dropped his revolver and surrendered without a fight. The two policemen took their prisoner into the milk wagon and drove back to the Melrose station with him.

The robber gave his name as George Brown, and said he lived at 223 C Street, Elmhurst. In his possession was the clasp knife and the money taken from Caton, and a watch which the police believe was also stolen. Caton this morning identified Brown as the man who had held him up.

Acting Chief of Police Walter J. Petersen this morning detailed Inspectors Dennis Holland and Richard McSorley to investigate the case. The two inspectors have not yet established whether the names given by the man is fictitious or not. He is said to have been a book seller who has been canvassing in the annexed district.

There have been several holdups of milk wagon drivers and others in the annexed district in the past few weeks, and the police believe that the prisoner has been guilty of these crimes.

IS INDICTED FOR SLAYING ALAMEDAN

George Kazaka Charged With Manslaughter by S. F. Grand Jury.

SAN FRANCISCO, June 26.—The grand jury last night returned an indictment against George Kazaka for manslaughter, on account of the killing of Theodore Belstedt of 2246 Buena Vista avenue, Alameda, who met his death in the Mission district on June 10. Kazaka is an ex-prize fighter, and in the course of a quarrel over a dog struck Belstedt, who fell to the pavement and sustained a broken neck. An indictment was also returned against Frank Leonard for burglary.

The grand jury presented Foreman J. H. Dumbrell with a gold star.

FUNERAL SERVICES FOR LATE HORATIO S. WINN
ALAMEDA, June 26.—Funeral services for the late Horatio S. Winn, past grand patron of the California Odd Fellows, will be held this evening in Alameda L. O. O. F. hall, under the direction of the Odd Fellows Relief board. The services will be conducted by the Alameda Odd Fellows.

A delegation of grand officers from the Odd Fellows will be in attendance, as will grand officers of the Redmen order. Winn having been a past grand second master of the California Crematory.

Winn belonged to the Oriental No. 45, L. O. O. F., and to Marysville encampment. He belonged to Pochontas lodge of Redmen, Healdsburg, California. But little can be learned regarding his relatives, though it has been established that he had no relatives in this State. He is believed to have been 45 or 46 years of age. The funeral hour tonight will be 8 o'clock and will be open to both Odd Fellows and Redmen, and to such other persons as desire to attend.

HAPPY HUNTING GROUND FOR VOLCANO VICTIMS
SEATTLE, June 26.—W. T. Lopp, superintendent of the Alaska division of the United States bureau of education, received word today from his deputy at Seward, Alaska, that 98 natives from Katmai and Afognak, whose homes were destroyed by the eruption of Katmai volcano three weeks ago, were at Seward and would be removed to Sitka, by bay, before Chignik, where fish and game are plentiful. Superintendent Lopp approved the plan for removing the natives to their new homes and said model igloos will be built for them, under government supervision at a total cost of \$6000.

TIRES OF ILLNESS; TRIES TO END LIFE
SAN FRANCISCO, June 26.—Lars Christensen, a cook who lives at 1408 Valencia street; and who has been a sufferer from tuberculosis for some time, deliberately planned to commit suicide and made an unsuccessful attempt to end his life at 8:30 a. m. this morning. He hired a room in the Ferry House, Mission street and the Embarcadero, and turned on the gas. A passing lodger found him almost immediately and he was quickly revived at the Harbor hospital.

"I was told that there was no cure for me," he said, "and I was tired of suffering and wanted to end it all."

ALAMEDA FIREMEN ARE UNDER DOCTOR'S CARE
ALAMEDA, June 26.—Joseph Mait, a member of the Alameda fire department, was taken to the Alameda sanatorium suffering from muscular rheumatism.

Frank Lewis, an extramural attached to the Webb avenue fire house, was taken to an Oakland hospital yesterday to undergo treatment for a serious trouble.

PERJURY CHARGE AGAINST BELLBOY

Palace Hotel Employee on Trial in Connection With the Joslen Case.

SAN FRANCISCO, June 26.—The trial of Martin J. Prince, a bell boy at the Palace Hotel, accused of perjury in the case of Dr. Otto C. Joslen, is attracting considerable attention in department 6 of the Superior Court. Ethel Williams, the candy girl, whose charges against Dr. Joslen led to the Prince accusation, has been daily in court and has testified against the defendant. This morning Judge Trabucco, who is presiding, was forced to rebuke the half-dozen attorneys who comprise the counsel on both sides, because of a heated argument in which they engaged. Andrew Sultan, a bell boy, also of the Palace Hotel, was the chief witness of the day in behalf of Prince.

The specific accusation against the latter is that he testified falsely when he said he had seen Miss Williams with a man in a room of the hotel, and had rebuked them in a certain day in 1911.

FLYNN TO FIGHT CAUTIOUS BATTLE
Pueblo Fireman Declares He Will Not Use Rushing Tactics.

LAS VEGAS, N. M., June 26.—Contrary to the predictions of sporting writers and some of his trainers, Jim Flynn, the Pueblo fireman, declared today that his battle here July 4 with Jack Johnson he would not use rushing tactics. Flynn said that he would fight a cautious battle and would make the champion come to him. This time he asserted, he would let Johnson do the rushing, because Flynn had rushed Johnson in a battle several years ago and was knocked out for his pains.

Las Vegas is rapidly becoming a noted city for the accommodation of crowd expected here for the fight. The national guard armory, the opera house and Commercial Club rooms have been filled up as dormitories.

SUDDEN DEATH FROM ACUTE HEART FAILURE
RICHMOND, June 26.—George B. Hoffman, residing at 718 Third street, this city, and employed at the Santa Fe shops, where he had been working for a year past, died suddenly yesterday morning when he was stricken by an acute attack of heart disease, and expired before his wife, who had been suddenly awakened by his groans, could summon a physician. Hoffman was 48 years of age and a native of Indiana. He is survived by a wife and one child. An autopsy to ascertain the exact cause of death was held yesterday afternoon and resulted in a finding that the man came to his death because of heart disease. The funeral arrangements have not as yet been announced.

WEATHER PROPHET TO DISCUSS BUSINESS
SAN FRANCISCO, June 26.—"Weather and Business" will be the theme of the lecture given by Professor Alexander McAdie, the noted chief officer of the United States Weather Bureau at San Francisco, at the regular weekly luncheon of the Home Industrial League of California.

The luncheon will take place at the Palace Hotel tomorrow at 12:15.

DRIVER CONVULSING
ALAMEDA, June 26.—Louis Champagne, chauffeur of the police department, is convulsing from a long stage of illness which culminated in a serious operation. He was about the streets today, but will not return to work for a couple of weeks.

PHYSICIANS TO HOLD SESSIONS

Dr. Snow of State Board Issues Call for Gathering in September.

BERKELEY, June 26.—Coincident to the convention this September of the League of California Municipalities will be an important gathering in Berkeley of the health officers of the state. They will be in session for three days during the convention, summoned for the session by Dr. W. F. Snow, secretary of the State Board of Health.

Arrangements are in the hands of Dr. W. A. Sawyer, director of the State Hygienic Laboratory, Prof. Myer E. Jaffa, director of the Pure Food and Drug Laboratory, and Dr. John N. Force, of the University of California department of hygiene and the Berkeley board of health. Dr. Martin Regensburger, president of the State Board of Health, and George D. Leslie, its statistician, are also expected to be in attendance.

Both city and county health officers have received the call to the convention from Secretary Snow. Among the latter who are expected to attend are Dr. E. N. Ewer of Oakland, Dr. L. M. Powers of Los Angeles and Dr. J. J. Benton of Berkeley.

A number of interesting features are planned for the program, which as yet is but tentatively arranged. A day's trip about the bay will be taken by the doctors, during which various plants of interest to public health workers will be visited. Another pilgrimage will occupy the day, and include a visit of the various laboratories of the University of California campus and the student infirmary.

Drs. Sawyer and Force and Professor Jaffa are planning other details of the program for announcement later.

PIONEER WOMAN APOPLEXY VICTIM

Mrs. M. H. Beckwith, Former School Teacher, Passes Away.

Mrs. Malvina H. Beckwith, an old resident and widow of the late L. F. Beckwith, a well known newspaperman of Oakland, died at the home of her son, 283 Pay Place, last Sunday. She sustained a stroke of apoplexy from which she never rallied.

Decedent was a native of Michigan, where she was born May 21, 1839. She came to California around the year 1866, locating in lower Lake county, where she taught school until her marriage.

Mrs. Beckwith has resided in Oakland 35 years, but the last year of her life was spent in Mountain View with her daughter. She was the mother of six children and is survived by five now living, who are Mrs. Clarence J. Gray of Los Angeles, Miss Mary Beckwith, Mrs. D. L. St. John of Mountain View, Frank Beckwith, George Beckwith of Oakland, also a sister, Mrs. L. B. Van Decker of Victoria, and a niece, Mrs. Harry Palmer of Modesto.

The funeral services were conducted at the Adventist church, of which Mrs. Beckwith was a member for over 30 years. The interment was in Mountain View cemetery.

U. S. ARMY MEDICAL CHIEF GETS MEDAL

NEW YORK, June 26.—The trustees of the American medicine gold medal have awarded the medal for 1912 to Colonel William C. Gorgas, chief of the United States army medical corps in the canal zone, as "the American physician who has performed the most conspicuous and noteworthy service in the domain of medicine in the last year."

The award is in recognition of the able manner in which he and his staff rid the isthmus of Panama of the fevers and tropical diseases.

PIONEER EDITOR DEAD.
NEW HAVEN, Conn., June 26.—David W. Bartlett, who was assistant editor of the New Era when that magazine published at Washington the first installments of "Uncle Tom's Cabin," died at his home in West Haven tonight, aged 81 years.

He was secretary of the Chinese legation at Washington. He was a newspaper correspondent of note.

SCULPTOR GRIGNOLA DIES AFTER OPERATION

NEW YORK, June 26.—John Grignola, sculptor, is dead at a hospital here following an operation for appendicitis. He was born in Italy 51 years ago, and came to this country in 1888.

Mr. Grignola was president of the Mount Airy Granite Cutting Company of North Carolina. He had designed many panels and statues for public and private buildings and was known also as a master workman in the execution of fine carvings and statues from designs by other sculptors and architects. His latest work was on the Paul Jones monument in Washington.

MUST WEAR MUZZLES.
SACRAMENTO, June 26.—Dogs in Sacramento henceforth must wear muzzles when they leave the yards of their owners. The ordinance was passed by the owner and attached to him or her with a chain. The city trustees last night adopted an ordinance to this effect. The reason is because of the growing here of a case of rabies. Dogs found roaming the street without muzzles will be taken up, regardless of whether they wear license tags.

There is No Good Excuse for Any One in Oakland Suffering Either From RHEUMATISM Sciatica or Neuritis

During the last few days we have tried to make ourselves plain to the readers of the Tribune that we would guarantee to relieve any case of Rheumatism, Sciatica or Neuritis in Oakland.

We know, henceforth, we will be able to do so. We went into this problem to relieve the sufferers, with the idea that we would, in a short time, have the opportunity to prove the merits of Nurtite. To those sufferers, we wish to state that Nurtite is not a patent medicine. It is a natural product of the human body, and is entirely possible that every sufferer from Rheumatism, Sciatica or Neuritis has already applied to us for their box of Nurtite. However, we want to be sure of it, and are therefore continuing our talk to the residents of Oakland in order that no one may say that he or she did not have an opportunity to be freed from this ailment.

We have been told that possibly some sufferers have not made application for Nurtite because of the fact that they are under the care of physicians. LOSES THIRD RAIL SUIT AGAINST TRACTION CO.

STOCKTON, June 26.—Judge Plummer of the superior court yesterday decided against Isaac Brown, who sought to secure \$250 damages from the Central California Traction Company because of the death of a mare which had been killed by stepping upon the "third rail" of the company. The court held that the company provided gates to keep stock from the main road and that the act of the mare going upon the track from an opening in the field constituted trespass.

SUFFRAGETTES DAMAGE TRAIN IN ENGLAND

LONDON, June 26.—The militant tactics of the suffragettes has assumed a new form. On the arrival of a train from Tunbridge Wells at Victoria station in London last night it was discovered that many windows had been smashed; carriage fittings and cushions cut and destroyed and the walls plastered with written demands for votes for women and the abolition of forcible feeding. The culprits were not discovered.

Another batch of suffragettes who had been on hunger strike were liberated from prison yesterday.

METHODISTS HEAR CONVENTION LAW

Returning Delegates Report Results of Great M. E. Conference.

At the Beulah Park Camp ground in Oakland, before an interested gathering of Methodist preachers of all the bay cities, reports of the recent general conference of the Methodist Episcopal church were given by two of the delegates sent by the California conference, Dr. S. D. Huttschiller, superintendent of the Oakland district, and Dr. Geo. W. White, pastor of the First church, Oakland.

According to Dr. White, there was not as much noise as at the recent Republican convention in Chicago, but the conference had nearly as many delegates and was “a little more representative of the country as a whole.” Despite the necessity of electing eight bishops or general superintendents of the church, together with a number of editors, secretaries and other officers, positions of honor, drawing large salaries, Dr. White reported that he found “a reasonable absence of the self-seeking spirit.”

BIG PAY FOR BISHOPS.

The salaries of the bishops were increased from \$3000 to \$3500 by an allowance of \$500 for clerical help and office expenses and of \$1000, or as much of this sum as may be necessary, for house rent. This was intended, Dr. White reported, to increase the prestige of the church, to add to their incomes by lecturing at Chautauques and elsewhere. Automatic retirement of bishops was provided for at the general conference nearest their 75th birthday. A limit of one-half of full pay was made to the amount of pension to be given a retired bishop.

Dr. S. D. Huttschiller of Berkeley followed with a review of other phases of the conference, paying particular attention to the matter of elections and to the question of the influence in general conference legislation and elections possessed by certain eastern conferences, in particular the New York East, the Philadelphia, the Detroit and the Rock River or Chicago conferences.

Dr. J. H. Williams, pastor of the College Avenue church, Berkeley, and chairman of the program committee of the Oakland preachers' meeting, presided during the addresses of Drs. White and Huttschiller. Dr. A. J. Hanson, vice-president of the association, announced that a reception would be given by the Methodists of the bay cities to Bishop and Mrs. Hughes on their return to San Francisco, where they will reside for another four years. The reception will be given on Friday evening, July 5, at the West Methodist church in San Francisco.

The Rev. Chas. M. Meldon, president of the New Orleans University, was introduced, as were also the Rev. Mr. Phillips, minister from Grand Rapids, and the Rev. Chas. C. Allen of Denver. At the close of the session of the preachers, which was attended by a number of the pastors from San Francisco as well as from the east bay cities and by a number of members, the greater part of those present took dinner together on the Beulah Park camp grounds and remained for the afternoon meetings in the auditorium. No further session of the association will be held until August.

TULARE HOPPING MAD; GRASSHOPPERS CAUSE

PORTERVILLE, June 26.—Officials of the local chamber of commerce and of the Citrus Chamber of Commerce of Tulare county are extremely indignant over the story of mysterious origin which has been widely copied throughout the south, to the effect that a vast horde of grasshoppers has invaded this district and that the bugs are in such numbers that orchards are being literally eaten up.

The story is given a fanciful turn by the statement that so great a war is being waged by the ranchers that arsenic is being used by the hundred-pound lots and that the retail druggists have found it impossible to secure poison fast enough to supply their demands.

There are no unusual numbers of hoppers in this district and the story is wholly without foundation. During the summer the grasshoppers always are found in the stubble fields, but they seldom do damage other than occasionally to young stuff in gardens and then only to a small degree.

WOMAN PALMIST IS ACCUSED OF SWINDLE

PAULO ALTO, June 26.—Mrs. F. Ruffner, a palmist, was arrested here yesterday by Sheriff J. P. Kelly for taking \$300 from Mrs. Esther Marders under false pretenses. Under the professional name of “Paula” she had agreed to locate another palmist who had induced Mrs. Marders to invest \$3000 in stock which later proved to be worthless for a consideration of \$100.

Mrs. Paula communicated with a Professor de Haven, a palmist in Los Angeles, who arrived shortly afterwards, claiming to have knowledge of the person sought. Mrs. Marders revealed to Professor de Haven that she had \$300 in the bank, which the professor said would be the correct amount to act as a magnet in finding the lost \$3000. He promised in four days to pay the money back in gold coin.

After the lapse of four days no money had been returned. Professor de Haven had deceived and Madame Paula expressed surprise when he failed to return. She gave an address in Los Angeles where he could perhaps be found, but no such address exists, according to the Oakland police.

ALBANIAN REBELS TAKE TOWN AFTER BATTLE

VIENNA, Austria, June 26.—Serious fighting has occurred at Ispek, in Albania. Three columns of rebels surrounded the town and the battle continued for 74 hours. Two of the columns succeeded in forcing their way into the city, burned several public buildings and destroyed the military stores. The third column entered the town after a long and hard fight and was repulsed with heavy loss.

Turkey has poured overwhelming masses of troops into Albania, and the country was never so strongly garrisoned before. On the other hand, the revolutionaries are gaining in strength daily, and their number has jumped from 2000 to 10,000 with astonishing rapidity. More than 10,000 are armed with rifles and other weapons.

REX BEACH SLOWLY RECOVERS EYESIGHT

SEATTLE, Wash., June 26.—With only one eye (in a sling) and with the other almost blind, Rex Beach, author of “The Spoils” and many other Alaskan stories, slowly is recovering from the attack of little that threatened to destroy his eyesight. A letter from the author, at his summer home at Lake Hopatcong, N. Y., received by a friend in Seattle, stated that Beach is exceedingly optimistic about saving his eyesight. He is working on a new Alaskan story dealing with the coal land and transportation problems of the country, and the fact that he is slowly recovering his eyesight.

TOWN IN DANGER OF DESTRUCTION

Alberta Government Warns Frank to Move to Escape Landslide.

OTTAWA, June 26.—The government of Alberta has warned the 1500 inhabitants of the pretty little town of Frank, at the foot of Turtle mountain, in that province, that the whole town is in imminent danger of being wiped out by another great landslide worse than that of April 29, 1903, when as a result of the coal mining operations a large slice of the mountain slid on to the village, killing 70 of its inhabitants and destroying a vast amount of property, including a mill and half of the Crow's Nest railway.

The Dominion government has been notified of the present danger and the strongest sort of warnings have been sent to the people of Frank, who with few exceptions, are sticking to their homes with a peculiar indifference.

The Ottawa government has had a careful examination made of conditions on Turtle mountain and a report has been made to the government by commissioners sent out by the geological survey branch of the department of mines.

The report shows that death and destruction are hovering over Frank and that there is danger of the permanent closing of the Crow's Nest pass.

Some drastic action will probably be taken by the government. The cabinet is discussing the situation, and expert advice is being sought. First of all, the inhabitants of Frank will have to move. The government sees its escape from this.

The result of such a catastrophe as is now feared would be terrible. The closing of the Crow's Nest pass alone, which is planned in the report to the government, would in itself be a catastrophe, closing as it would one of the main arteries between the east and the west, for the Canadian Pacific and the Great Northern railways pass through that pass, the main line going through the Kicking Horse Pass.

NEW WOODLAND LINE TO OPEN ON JULY 4

WOODLAND, June 26.—It was learned yesterday that the new Sacramento and Woodland electric railroad would begin operations between Woodland and Yolo county on July 4, although the new line will not be ready for active passenger traffic before July 15. The company has made arrangements to run its first car as an extra feature of the grand celebration of the 4th of July.

Claude A. King, who has been connected with the Southern Pacific Company as assistant agent for many years, has been appointed chief agent for the new company, with headquarters at the Woodland station. The new depot erected at the corner of Main and Second streets will be completed by July 1.

Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First—The indisputable evidence that it is harmless; Second—That it not only allays stomach pains and quiets the nerves, but assimilates the food; Third—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—Hall's Journal of Health.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. J. H. Tatt, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively, as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. Wm. J. McCann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have in my years of practice found Castoria a popular and efficient remedy in almost every home."

Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

SUFFRAGETTES STAGE ACT IN CHINATOWN

NEW YORK, June 26.—An innovation in woman suffrage tactics developed last night when an automobile filled with women drew up in Chinatown and one of its occupants, who wore an oriental robe, addressed 500 Chinese on a street corner in their native tongue.

There were volleys of Chinese cheers when the speaker, who was introduced as “Mrs. John White,” reminded her auditors that women in China could vote, and urged that the men of their race in this country do what they could to secure a like privilege for American women.

“Mrs. White” said she had just arrived here from San Francisco, and for eight years had taught school in Canton, China.

DON'T BE BALD

Almost Any One May Secure a Splendid Growth of Hair.

You can easily find out for yourself if your hair needs nourishment, if it is thinning, getting dry, harsh and brittle, or splitting at the ends. You simply have to pull a hair from the top of your head and closely examine its root. If the bulb is plump and rosy it is all right, if it is white and shrunken your hair is diseased and needs nourishment.

We have a remedy for hair troubles that cannot be surpassed. It has a record of growing hair and curing baldness in 93 out of 100 cases where used according to directions for a reasonable length of time. It will even grow hair on bald heads if the scalp is not grazed and shined. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test. We are sure that Revell's "32" Hair Tonic will completely eradicate dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid for Revell's "32" Hair Tonic in every instance where it does not do as we claim or fails to give entire satisfaction to the user.

Revell's "32" Hair Tonic is as pleasant to use as clear spring water. It is perfumed with a pleasant odor, and does not grease or clog the hair. We have it in two sizes, prices 25 cents and \$1. We urge you to try Revell's "32" Hair Tonic on our recommendation and with our guarantee back of it. You certainly take no risk. Remember, you can obtain Revell's Remedies only at the Owl Drug Co. stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation which gets into the circulation because of weak kidneys, constipation, indigestion and other physical irregularities which are usually considered of no importance. Nothing applied externally can ever reach the seat of this trouble; the most such treatment can do is soothe the pains temporarily; while potash and other mineral medicines really add to the acidity of the blood, and this fluid therefore continually grows more acid and vitiated. Then instead of nourishing the different muscles and joints, keeping them in a normally supple and elastic condition, it gradually hardens and stiffens them by drying up the natural oils and fluids. Rheumatism can never be cured until the blood is purified, the acid neutralized and the circulation is restored. S.S.S. contains no potash, alkali or other harmful mineral, but is made entirely of roots, herbs and barks of great purifying and tonic properties. Book on Rheumatism and any medical advice free to all who write.

LATEST NEWS FROM OUTSIDE TOWNS

SAN LEANDRO TO VOTE ON BONDS

May Include New Streets, Fire System and City Hall Building.

SAN LEANDRO, June 26. — The need of a new city hall building or the remodeling of the present structure, which has been condemned by the health authorities, has again come up, this time the San Leandro Chamber of Commerce and members of the board of city trustees discussing the question, following the regular meeting of the last named body. The views of prominent business men of the city and individual members of the board were freely given at the informal gathering last night, it again being resolved that something must be done, some being in favor of rebuilding the old hall and other favoring the construction of a new municipal building. In any event, a bond issue will have to be decided upon by the voters who will be asked for a bond issue of about \$50,000. It was the sense of the meeting that such an election could not be called until after the higher license election next month. According to one plan, it is proposed to ask for a bond issue of about \$50,000, and to include in the improvements the paving and macadamizing of streets and the installation of a modern fire alarm system and fire department. While will take a decision to the wishes of the electorate, Mayor J. J. Gill is in favor of the building of a new city hall. It is likely that the Chamber of Commerce will take up the matter of the bond issue and make a canvass of the voters to learn the wishes of the townspeople.

HAYWARD FORESTERS CALL 'LADIES' NIGHT'

HAYWARD, June 26. — A ladies' night will be given by Court Hayward, No. 78, Foresters of America, tomorrow evening in Native Sons' hall, an elaborate musical and literary program having been arranged for by the entertainment committee of which Joseph Woods is chairman. Chief Ranger A. DeMello will take an active part in the affair. Invitations have been sent out to neighboring courts and from present indications the attendance will be large.

WOMAN CONVICTED OF DISTURBING THE PEACE

CENTREVILLE, June 26. — Mrs. Mary Aradon of this place was convicted of disturbing the peace of Henry Smith by a jury yesterday. Smith had testified against the woman sometime ago during the hearing of a case in Livermore. This time Mrs. Aradon demanded a jury trial and Justice of the Peace Sandholtz of Washington township heard her case. She did not wish the case heard in her home town. The court fined the offender \$20.

CHICAGO, June 26. — B. A. Worthington recently chosen president of the Chicago & Alton railroad, arriving here today, announced upon his arrival here that henceforth the affairs of the road would be directed from Chicago.

RANGERS TO GIVE FIRE PROTECTION

Livermore District Will Be Well Guarded by Stockmen.

LIVERMORE, June 26. — With the securing of four instead of only two rangers by the Stockmen's Protective Association for the protection of the county against grass and forest fires, this section will have the most complete fire patrol ever enjoyed in any part of Alameda county. Through the efforts of the association, which includes in its ranks some of the largest landowners and stockmen in the county, and the help of Supervisor D. J. Murphy, the country has been laid off into four districts. The territory affected consists of 200,000 acres and supports 30,000 head of sheep and cattle. Livermore Fire Warden McClintock has mapped out the country from Byron on the north to the Calaveras creek on the south, the eastern base of the Mission range into four districts. The first district is from the county line on the north at Byron through Altamont, Midway and the Mountain House to Tesla. The second district is from Tesla around to the Mocho skirting along the San Joaquin county line and about 20 miles along the Mocho and the Arroyo Valle, including the headwaters of each of these streams along the Santa Clara county line, while the fourth district is from the Arroyo Valle over the Ridge and the Valpe Ridge to the headwaters of the Calaveras creek and down to Sunol. A check system is to be established that range riders may be kept track of. The men will have to register at different points in their districts.

TONG LEADER IS SUICIDE

NEW YORK, June 26. — The fourth tragedy in a month among the leaders of the tong in New York's Chinatown became known today when it was announced through the police that Lee May, 45 years old, had committed suicide by hanging himself to a rafter in the headquarters of the Rip Sings.

NAVY YARD NOTES

MARINA ISLAND, June 26. — The submarine P-2 was delivered to the Mare Island navy yard yesterday. The P-2, built by the Union Iron Works of San Francisco, and placed in commission under command of Ensign F. J. Chow. The P-2 will be fitted out for active duty along with its sister ship, the P-1, delivered last week.

Orders were received at Mare Island navy yard yesterday transferring Lieutenant Milton S. Davis from the machinery division to duty as executive officer and Lieutenant Allen B. Reed to similar duty aboard the Denver.

The Denver and Cleveland will go into first reserve July 1 and will leave for Bremerton July 20, having been ordered to join the Pacific reserve fleet at the station.

New radio sets are being installed aboard the two vessels and this work will be completed by the first of the coming month.

Lieutenant Harold Jones, U. S. N., reported for duty at Mare Island yesterday and was assigned to duty in the machinery division. He was formerly in command of the tugboat Albatross.

W. Schaur, F. Wagner and F. Baer of the electric force, the engineering division of the Mare Island navy yard have received word that they had been promoted. The promotions were brought about by the resignation of P. Evans.

Because of the shortage of water in the reservoirs at Wild Horse Valley, all the Mare Island officers and employees have been directed to take every precaution to prevent waste of water at the station. Lieutenants Maryn G. and U. S. N., who is to be the assistant to the machinery department officer at Mare Island, is expected to arrive here some time this week from Bremerton. He was formerly attached to the cruiser St. Louis.

The Mare Island wireless plant picked up a message from the cutter Annapolis, day night. The vessel is at Unalakpa, where the Mare Island wireless equipment crew are busy installing a new radio.

O. I. Cheney, who has had charge of the Mare Island power station for a number of years, will leave for a naval station Saturday on a six months' leave of absence, after the expiration of which he is to enter the service of the Pacific coast and Electric Company and will be attached to its commercial department for the counties of Solano, Napa, Sonoma and Marin, with headquarters at Napa.

The naval cutter Justin, which left Mare Island early this month, is reported to have arrived at Corfu, where she will coal the gunboat Annapolis. The cutter is to return to the navy yard the latter part of July.

According to the advices received at the navy yard the torpedo boats Davis and Fox will leave the Bremerton naval station this week for the target grounds at Port Angeles, where the mosquito boats will take General Fred Lowmyer to witness the target practice of the Oregon naval reserve.

Passed Assistant Surgeon Michael Bohland, U. S. N., has been detached from the naval recruiting station at Dallas, Texas, and will join the parent ship Iris at Mare Island next month. He will take the place held by Assistant Surgeon H. A. Giffner, U. S. N.

The destroyers Farragut and Goldsborough of the Pacific fleet were undocked at Mare Island yesterday and were given berths at the north end of the station quay wall. The destroyers were pointed while in the dock.

Is your money earning 6 per cent?

Prices on all commodities have advanced to such an extent that the investor must look for a greater interest return for his money.

In the purchase of foodstuffs, rental of properties and buying of wearing apparel, a dollar today goes but little further than half a dollar ten years ago.

As a consequence, it behooves you to see that you get, consistent with safety, a maximum rate of interest from your surplus capital. And 8% or 4% is not a maximum rate of interest, because you can just as well get 6% and be just as safe.

The Realty Syndicate has been paying depositors 6% for nearly 17 years, and there has never been a time when interest or principal was not paid promptly when due.

Your money, when deposited with The Realty Syndicate, will be protected by everything the corporation now owns or to be acquired during the term you leave your money in our hands. Our present assets are valued, under conservative appraisal, at over twenty million dollars. Our issuance of certificates does not exceed two and a half million dollars. Our paid-up capital and surplus is greater (with one or two exceptions in San Francisco) than that of any bank in California and exceeds the paid-up capital and surplus of all of the banks of Oakland taken together.

You can deposit any amount and receive a corresponding certificate due any time you specify up to ten years.

Interest is paid by sending you a check, without notice, monthly, quarterly or semi-annually—or compounded semi-annually.

You deal direct with the officers of the corporation and all business can be taken up and closed by mail if preferred.

Correspondence and investments are confidential. If interested, send for the following, all mailed free:

CLUBWOMEN BEGIN THEIR SESSIONS IN EARNEST

BUSINESS FOLLOWS DAY OF VARIED PLEASURES

Early Battles Fought in Councils; National Flower Crushed

SAN FRANCISCO, June 26.—This morning's session of the biennial convention of women's clubs was devoted to committee reports and the reports of the various officers, including an exhaustive statement by President Mrs. Philip N. Moore, whose prediction of national activity by women in the ensuing year brought out an ovation for the retiring leader.

The delegates assembled bright and early at the Sutter street pavilion, seemingly not a whit tired with yesterday's round of activities and the night session which started the 10 days' convention.

The department of education had its innings this morning with the report of the chairman, Mrs. O. Shepard Burman, and the report of Mrs. Barry on "Personal and Sex Hygiene in Normal Schools." This latter report was the result of a joint investigation by the education department of the General Federation of Women's Clubs and the school patrons' department of the National Education Association.

This afternoon the delegates met in Golden Gate Commandery hall for further routine business and a session will be held this evening in Sutter pavilion for addresses by state presidents and a choral concert by clubwomen, with Oscar Wolf director.

After witnessing the preliminary stages of the eleventh biennial convention of the General Federation of Women's Clubs, San Francisco has removed its hat to American womanhood and spread its mantle at the feet of two thousand fair delegates. Suffrage seems to have been fully justified by this august assemblage which held its first session last night in the old Sutter street pavilion, and today is holding business assemblies.

The singular executive ability of the leaders, the thorough grip on national questions displayed by the various state delegations, the successful engineering of the entire

conclave, through business, dinners, politics and diplomacy, is amazing a few of the old politicians who are just now recovering back from Chicago with a sore head and an ear ache.

The steam roller is here all right, but it is dilly dallying over with feminine persuasion and perfumed bouquets.

NOTABLE GATHERING.

In many respects the ten days' convention is the most important in the history of the organization. The delegates, particularly from New York, again and again expressed their joy at being in "a free city," and Mayor Rolph, when he made his address of welcome, received an ovation that sent him back to his seat, blushing furiously. Lieutenant A. J. Wallace tendered the official welcome of the state.

The proceedings last night were purely formal, the real work of the convention being done in committee rooms during the day, in conference and council, and hall-room gossip, where ideas were exchanged and votes pledged.

MAY NOT LAST.

This is outwardly the greatest joy, feast San Francisco has ever seen. There are several happy contests brewing, but outwardly it looks like a sisterhood Self-Sacrifice. Mrs. Philip Carpenter of New York and Mrs. P. V. Pennybacker of Texas, who are rivals for the honor of being elected new president of the association, were seen walking down the corridor of their hotel together, with their arms entwined.

"Wait until we are here about ten days," said one vice delegate, "and our nerves will commence to go under the strain. This is too good to last."

The Palace hotel was a-buzz yesterday. The delegates were in splendid humor, for they had been fed and watered and had been taken out to the Cliff House and about the city in automobiles, and they had a chance to wear their best gowns at a reception given in the hotel in the afternoon.

It seems likely now that the convention will refrain from taking any stand upon the complex questions of suffrage and prohibition, though undoubtedly some of the eastern and southern delegates and the Wisconsin party will have something to say about these topics when the time comes.

CONTESTS IN COUNCILS.

The early battles were fought out in council and the result was apparently foretold the action of the convention. The principal discussions related to increased membership of the board of directors and the recognition of the state president as an ex-officio delegate. Opposition to each question was based on their tendency to increase representation in the federation, which many women should be kept democratic.

These women from the middle west and especially the states where suffrage amendments are coming up this fall, are in the fight to a finish against centralization of power in the federation and the control of its affairs placed in the hands of a "representative few."

The amendment to elect a director from each state not otherwise represented in the general board by an officer was lost by a large vote. And when the amendment comes up before the convention on Monday it will be quietly and regretfully shelved somewhat regrettably.

AUTOS ARE NEEDED

The club women of Oakland, desirous of showing the charms of their native city to 2500 visitors, who represent every state and territory in the union, appeal to the business and professional men of the community to donate for the day their automobiles. There are 4000 machines on this side of the bay. A few hundred will serve the purpose nicely. The city's honor is at stake. Forty machines have been pledged already. The rest must be secured before next Tuesday, which is officially known as Oakland Day. If you are willing to lend your car for the day, telephone Oakland 178, the Chamber of Commerce, or notify any of the following committee:

SUPERVISORS TO ASSIST ROADS

San Pablo Avenue to Be Made Automobile Boulevard Into Richmond.

RICHMOND, June 26.—Supervisor Charles J. Rihn took a trip over San Pablo avenue this afternoon from Proctor avenue to the county line with County Surveyor P. A. Haviland of Alameda county and E. J. Henderson, owner of the Richmond Annex tract, to confer over the plan macadamizing to be done by the county on that part of San Pablo avenue.

The supervisors contemplate paving the avenue on the west side from the strip paved by the car company a distance of sixteen feet toward the curb. Henderson maintains that the board agreed to pave clear to the curb at the time the double tracking was passed upon favorably, but Rihn says there is not sufficient money to do so.

It is probable that enough can be got to do as at present contemplated. The official order the paving will be made next Monday, and ultimately a splendid automobile boulevard is to result into Richmond and back to Oakland.

Trolley poles for the extension of the double track of the East Shore & Suburban company have been set along Pullman avenue as far as Twenty-third street and the trolley wires will be strung at once. It is improbable that the work will be continued on Twenty-third street until the present widening proceedings have been completed.

ARRESTED AT PINOLE CHARGED WITH THEFT

PINOLE, June 26.—Accused of looting the room of two friends here and of defrauding an innkeeper out of a \$50 board bill, Fred B. Wheeler, an ex-soldier and employee of the Pinole Powder works, was arrested at Vallejo Junction last evening as he was about to board a train on his way east. Wheeler has been in the past month in Napa county and believing himself safe from the officers he dared to return. Wheeler was delivered to Constable Fraser of this place this morning and will be given a hearing tomorrow before Justice W. P. Terry.

WORK IS COMMENCED ON WEBSTER SEWER

ALAMEDA, June 26.—Work on the new Webster-Tunnel street sewer is under way. The sewer will run 1281 feet on Webster street, from the bridge south, and about 600 feet on Tunnel street, which runs through the factory section east of Webster street.

HYDROPHOBIA MAY BE RESULT

Man Bitten by Dog With Rabies Must Take Pasteur Treatment.

RICHMOND, June 26.—That the dog which badly bit H. O. Watson, of this city, on June 4, was afflicted with rabies is the report received today by Health Commissioner Blake from Doctor Sawyer, head of the state hygienic laboratory at Berkeley. According to Sawyer a guinea pig was inoculated with brain tissue taken from the head of the dog which was sent to Berkeley following the attack of the animal on Watson, and on June 20 the pig developed a virulent case of rabies, dying on June 23. The Berkeley authorities suggest in the letter to Dr. Blake that Watson, for his own safety, should take the Pasteur treatment at once, as a large number of negro bodies were found in the brain of the dog. The case shows that rabies is still in existence here, and the poundmaster has been ordered to double his vigilance in seeing that the muzzling ordinance is enforced.

SOCIALISTS MAY
NOT AID WILSON

Barkeley Local Demands That Mayor Carry Out Program of Party.

BERKELEY, June 26.—Disapproval of the failure of Mayor J. Stitt Wilson and Commissioners John A. Wilson and J. J. Turner, composing the supposed Socialist majority of the City Council, to put into effect the program of municipal ownership promised during the campaign in which they were elected, has come out in an open schism in the local Socialist ranks. It appears probable now that Mayor Wilson, in his candidacy for Congress, will have anything but a solid local behind him. In fact, there is talk among members of the local Socialist party of an open schism in the local Socialist ranks. It appears probable now that Mayor Wilson, in his candidacy for Congress, will have anything but a solid local behind him. In fact, there is talk among members of the local Socialist party of an open schism in the local Socialist ranks.

The disaffected party among the local Socialists is led by Dr. F. C. Estenberg, formerly an employee of the San Francisco Mint, and Dr. C. A. Esterberg, an osteopath of this city. Chiefly by their instigation resolutions were recently adopted in which disaffection with the party's lack of action was expressed, though in temperate language.

"Inasmuch as the program (of the successful candidates) was endorsed by the voters by a very decisive majority," the resolutions read, "and in consideration of the fact that a considerable time, almost a year, has elapsed since said vote of the citizens, amounting in its nature to an initiative set of instructions, we therefore urge and request your honorable body to take immediate action, etc."

It was the intention of the Socialists that Harold French should appear before the council and demand action on these resolutions, as well as provision for the establishment of a municipal free market. The latter proposition, however, is now to be submitted to the people by initiative petition, and such petition will shortly be circulated.

French, Dr. Estenberg and others of their party have an additional count against Mayor Wilson, in that they declare he has not been amenable to the suggestions of his fellow partisans. At the beginning of his inebriety the mayor made it plain that he would not tender his resignation to Branch Berkeley of the party for use when the members thereof were fit, though this was understood to be one of the methods of local organization.

A split followed at that time, C. J. Staley, now candidate for assembly in the Fourth district, and others withdrew from the party and forming the West Berkeley branch.

Notable indication of the lack of support for Mayor Wilson's congressional candidacy in the local is the fact that it has not been included in the program of support in his convention. Resolutions were adopted two weeks ago endorsing such candidacy, but when it came to the selection of delegates to the nominating convention in Oakland next Sunday, instructions were lacking that they support the mayor.

French, Estenberg and the others explain that this lack of instruction is due, not to disaffection of the mayor but to a desire to retain him at the task laid out by the party for consummation here. They desire that the municipal ownership program promulgated be carried at least to some extent into effect.

WILSON PROTECTS "DAWG"

Denying that the Socialist locals had refused to support him, Mayor Wilson issued a statement this afternoon intimating that his hat is still in the ring. According to the majority view he still has the unanimous support of all the Socialists in this county and will have no difficulty in securing a nomination Sunday. After declaring that he intends carrying out the Socialist program in Berkeley his statement continued:

"Some one seems to be kicking my dog around. The Berkeley Socialists have unanimously requested me by resolution to accept the nomination for Congress and have asked the other branches in the county to endorse the

STUDENTS MIXING
SONG AND WORK

One Hundred at Vacation Surveying Camp Near Santa Cruz.

UNIVERSITY OF CALIFORNIA, June 26.—One hundred students of the engineering college of the university are encamped at Swanton near Santa Cruz, engaged in surveying practice, according to reports just received by the president's office. The first party, which left immediately after commencement, is due soon to return, its place being taken by a second party, composed of junior students.

The camps are established as nearly as practicable after the manner of a regular surveying party, but there are now four permanent buildings on the camp property besides a filter plant, which is a part of the necessary camp water supply system. Freshmen and sophomores are in plane surveying in the field, for which there is not much time during the regular college year. The junior students may choose one of two lines of activity: the study of problems in railroad location and construction, or irrigation and sanitary studies.

A hard day's work every day is the order of events at Camp California. The bugle wakes the camp at 6 a. m. Breakfast is served at 8:30 and by 9 o'clock the men are on their way to the territory assigned for the problem in hand. Work goes on until 4 p. m. or later, when the men congregate again in camp or indulge in a surf bath at the beach at the mouth of Scott creek. The evenings are short for a day's work over the hills after an early rise in the morning induces sound and healthy slumber. But the evenings, though short, are enlivened by gatherings about the big camp fire, college songs and stories and the music of mandolins and guitars which the men frequently bring with them to camp. On Sundays many men take the opportunity of making excursions to points of interest in the Santa Cruz mountains, the Big Basin, Mill Creek, reservoir, Boulder Creek, Wadsworth Creek, are all within walking distance and all possess points of natural beauty making them well worth the visit.

The general supervision of the camps is in the hands of Prof. Charles Derthick, Jr., dean of the College of Civil Engineering. Professor Keener is resident director at camp and is assisted by Messrs. Alvarez, Griswold, Eddy, Gay and White, all members of the faculty at Berkeley.

PASTOR WILL RETIRE
FROM PHONE COMPANY

BERKELEY, June 26.—Finding his work at the office of the telephone company had advanced with unexpected celerity and that his services would not be required for the period anticipated, the Albany pastor, the Rev. W. B. Coffman, yesterday tendered to the company his resignation in order that he might give all the time he could spare from his pastoral duties to the lectures at the university summer school.

The Rev. Coffman has been especially pleased to meet at the summer school Professor Axson who is an alumnus of the same western university with himself, but who graduated a few years earlier. Nomination by vote. Also they resolved that their delegates be instructed to place him in nomination at the county convention. Nor have they rescinded their action in any respect.

"Branch Oakland has endorsed the action of Berkeley and they have not rescinded their resolution. The two branches in Alameda have also taken similar action, and branch West Berkeley of the Finnish Comrades passed a corresponding resolution last night. West Oakland and Fruitvale, I am informed, have done likewise, so it appears that the county convention will approve the action of my Berkeley comrades."

Evans, past president Association; Mrs. C. W. Wilson, president of the former of Methodist institutions of learning in the country, where he studied under Dr. C. T. Winchester, one of the best known American literary critics and teachers of English literature. Since graduation he has been a member of the faculty of several colleges in the East, coming to the University at Princeton, New Jersey, in 1904. His course at the State University here promises to rival in popularity those of the same department this week for an outing.

The House of the period of King Charles the Second, Dr. Axson described as due in part to the severity of the Puritanism which held that the individual could and must be made righteous by legislation.

"Puritanism prohibited all theatrical plays. The deduction was that pleasure was a sin. The modern and very sound theory of education is to let young blood live expansion in wholesome play. The play matinee which Charles the Second came to the throne had long been suppressed and there came the revolt."

Professor Axson, who will lecture every morning between 10 and 12 o'clock, is a poet of the 18th and 19th centuries. He is head of the department of English literature at Princeton University, of which Governor Wilson of New Jersey was recently the president. With Dr. Axson in Berkeley is given at the Venable in San Jose Tuesday night, she will go again to Carmel-by-the-Sea, with Miss Henrietta Wilder of Los Gatos, for a stay of a week.

Miss Alexander was also at Spreckels, as the guest of Dr. and Mrs. Douglas Brown. Dr. Brown, who was formerly on the Bellevue hospital staff, is now one of the sugar experts at the Spreckels refinery.

GRASS FIRE CAUSES ALARM.

ALAMEDA, June 26.—An alarm was sounded at 5:10 last night for a grass fire on High street, near Farnside avenue. No serious damage was done.

ALAMEDA PERSONALS

ALAMEDA, June 26.—Miss Cora B. Dow and Joseph Ames were married last night at the home of the bride's father, Mr. H. H. Ames, 1412 Broadway, the Rev. Wille M. Martin officiating. The bride was attended by Mrs. Dr. Butler, who was formerly with the Misses Violet and Hazel Dow serving as bridesmaids and Mildred and Lillian acting as flower girl and ring bearer.

Frank Ames was best man and Chester and Lester Dow were the ushers. Ames is a San Francisco business man, while his bride is the daughter of a member of a large San Francisco and Alameda firm.

Mrs. Charles Keyes and daughter Laura left Sunday for San Diego to spend the summer at Laguna station. Mrs. David Morris and son went to Stanford in the Santa Cruz mountains this week for an outing.

Mr. and Mrs. Jesse R. Grant and Miss Nellie Grant have taken a house in San Francisco and will spend the summer at Laguna station.

Mrs. Charles Bradley, with Gertrude and Charles Bradley Jr., go to Laguna station for the summer. Mr. Bradley and Miss Florence Bradley will join the other members of the family at Laguna station next week.

The Fred Lunderman family leave Saturday for Brookdale to spend the summer.

Mr. and Mrs. Rosa Hollingsworth (Marjorie Burrell) are being congratulated on the birth of a daughter, born Sunday night.

The Frank W. Wicks family, are to spend the summer at Laguna station and will entertain numerous Alameda friends at their Marin county summer place during July and August.

Miss Gay Boylen left yesterday for Winters where she will be the guest of Ruth Smith, formerly Miss Ruth Smith, of this city. Miss Boylen will be away two weeks.

The Citizens Progressive Club of the unimpaired district gave its big bonanza dance last night at East Shore park, which was in every way a splendid success.

PRINCETON MAN
SAYS LITERATURE
LACKS IDEALS

DR. STOCKTON AXSON.

UNIVERSITY OF CALIFORNIA, June 26.—To some provincial eastern people, San Francisco simply means Chinatown and the Barbary Coast and certain hostile styles of dancing. But, said Dr. Stockton Axson of Princeton University, lecturing yesterday at the university summer school on "Eighteenth Century Literature," "San Francisco also means glorious energy, and awakes civic righteousness and some extraordinarily enlightened and modern progressiveness."

"When we think of the Restoration Age, we are likely to think of the banishment of all seriousness of mind, complete revolt against all decency, of Charles the Second, the merry monarch of Whitehall, the most shameless rake, of the false plays of Wycherly. There was another side. There were good and serious minded men and women in Restoration times. There were people in America today who make merry laughter of religion. There were plenty of plays on the New York stage last season just as naughty as Congreve and Vanbrugh—merely more so."

"There are people in America today who still imperfectly monogamous. But we do not take the measure of America in these things because we know that the men and women of America today have an earnest, sometimes suppressed, desire to have that vision without which the people perish. Those guarding the deadlines of England in the Restoration age had no vision. After the prophets came the seceders."

The House of the period of King Charles the Second, Dr. Axson described as due in part to the severity of the Puritanism which held that the individual could and must be made righteous by legislation.

DELAY IN SERVING
WRIT OF EVICTION

Squatters Secure Court Order Tying Hands of Sheriff Until Decided.

ALAMEDA, June 26.—Ark dwellers and squatters along the shore of San Leandro bay, and against whom a writ of restitution of property was issued by Judge Harris, slipped one over on Sheriff Barnett and J. G. Kearney when they delayed the service of the writ, according to Kearney. The writ was made in favor of Kearney, who has deeds to the uplands, and a lease to the tidelands. The method followed by the squatters' attorney, according to Kearney, was to notify the sheriff that in the event of the writ being delivered to him for service to notify them and they would vacate peacefully. Kearney declares that instead of doing this, they immediately sued out a writ of injunction restraining the serving of the writ of possession.

This will cause a further delay in the eviction proceedings, which have now been before the public for a number of years. The injunction was issued by Judge Wells, and is made returnable before Judge Harris Monday.

Kearney recently fenced off his tideland frontage, compelling the squatters to leave and enter the property they claim by water, or when the tide was out through the ooze of the uncovered lands. He has also stopped delivery men from supplying the squatters across his fenced-in land and maintains a guard on the premises.

One of the by-plays, according to Kearney, is the alleged fact that the attorney for J. W. Pierson, one of the squatters, in the suit of Kearney vs. Pierson, is also the attorney for Knudsen. In a suit of Knudsen vs. Kearney and Pierson. The latter suit is one to settle a difference as to the amount of land alleged to be owned by Pierson, and to which Kearney had to be made a party defendant with Knudsen another squatter.

That developments of a spectacular nature will take place if an attempt is made to drive the squatters from the tide lands is promised by recent tactics. When one of the women of the squatter camp discharged a shotgun when police officers were guarding a right-of-way from the Southern Pacific Company, deeded by Kearney, but claimed by the squatters. The result was the landing in jail of the woman and the subsequent relinquishment of the right-of-way.

ALAMEDA GIRL
RETURNS FROM TRIP

ALAMEDA, June 26.—Miss Clara Alexander, sister of Mrs. Henry Rosenthal, has returned to Alameda after a round of visits in San Jose, Del Monte, Salinas, Monterey and Carmel-by-the-Sea. BEGIN CAMPAIGN
FOR FIESTA FUND

Berkeley Board of Trade Will Raise \$2500 by First of August.

BERKELEY, June 26.—A campaign for funds to finance a floral festival to be held in Berkeley during the September session here of the League of California Municipalities was begun today by the committee of the Board of Trade, which is in charge of the arrangements. Charles Green is chairman of the committee. The board held an extra session last evening in the Franklin school in West Berkeley in conjunction with the West Berkeley Improvement Club, when the festival plans were again broached and enthusiastically endorsed.

"The decoration of the streets, rental of tents for the automobile show and other necessities," said Green today, "will cost at least \$2500. These contributions must be in the hands of the committee by August 1, otherwise there will be no show. Every citizen who has the city's interests at heart should send his contribution at once to the secretary of the Board of Trade, 2117 University avenue."

Monday evening the board held a meeting in South Berkeley at Lincoln Hall. Among the speakers were Dr. H. N. Rowell, Herbert P. Briggs, T. T. Crittenden, J. P. Byrne, J. W. Campbell, J. W. Armstrong, E. C. Robinson and J. A. Frye.

VICTIMS OF COLLISION
EXPECTED TO RECOVER

ALAMEDA, June 26.—The three members of the Gustav Johnson family, Mr. and Mrs. Johnson and Miss Elvira Johnson, who were injured Monday night when an auto they were riding in was struck by an electric train at Lincoln avenue and Grand street, are doing nicely, and all three will recover. The little girl has a minor skull fracture, while her parents are suffering principally from severe body bruises and the shock, though Johnson has a broken nose and his wife has one fractured rib. All three are at the Johnson home at 2021 Eagle avenue.

CAR WRECKS WAGON AND
THROWS OUT OCCUPANTS

RICHMOND, June 26.—Passengers on a northbound Oakland-Richmond car were given considerable of a jar last evening at Golden Gate avenue when the car ran down a laundry wagon, demolishing it, and injuring one of the horses so badly that it had to be shot. The driver had two women employees of his laundry on the seat with him when the collision took place, but while all three were thrown violently to the street they escaped serious injury in a miraculous manner.

WOMAN GIVEN FREEDOM.

ALAMEDA, June 26.—The charge of petit larceny against Mrs. Hanna Winkler preferred by Elliott Plummer, was dismissed today and the woman sent to her home on Versalene avenue. She was caught by Elliott while carrying a spoonful of wood out of the Plummer's woodshed. She explained this morning that she was in the Plummer shed by accident and the court believed the explanation and she was released for two days was punishment enough.

SANTA CRUZ AQUATIC CARNIVAL

Novel Attractions Offered Fun
Lovers at Famous Beach
Resort "Water Week."

It begins to look as though every lover
of the ocean would be present at the
Santa Cruz during the week of July 20th
to 25th, when the greatest water pageant
in the history of Western America will
be promulgated under the direction of
Fred Swanton and his associates. The
pageant which residents in practically
every section of the State can reach Santa
Cruz, the attractive round-trip fares
offered by the railroads, the moderate
rates and splendid accommodations to be
secured, and the variety of unique en-
tertainment guaranteed by Manager Swanton,
have proven irresistible magnets for
thousands of tired, overworked Cali-
fornians, who long for a break of the sea
and a jolly vacation with care-free com-
panions.

The re-opening of the Cottage City,
where clean, comfortable accommodations
may be had at a minimum of expense,
has gone far to offset the unfortunate
closure of the Sea Ranch Hotel, which
burned last week. In addition, the new
Hotel St. George will add the beautiful
Casa del Rey in taking care of those who
wish more elaborate quarters. The Casa
del Rey and Cottage City will, in them-
selves, accommodate 1000 guests, while
the Hotel St. George is capable of accom-
modating 1500 persons at one time. President John Martin of the
Santa Cruz Beach Company has notified
Manager Swanton that there must be no
extra charges made during Pageant week.
Several extra features have been added
to the program during the past week.
Aviators Bryant and Francis, famous
throughout the west for their daring ex-
peditions in the air, will be on hand to
end a daily thrill to the festivities. Man-
ager Swanton is now in communication
with the Navy Department regarding the
use of the battleship Oregon, which will
be on display at the pageant. It is understood
that the department favors this exhibition of
the latest "water bull-dog." Thus it will
be possible for visitors to see practically
all the modern forms of navigation—on
the water, over the water and under the
water.

The "Seafarer," America's entry in the
Honolulu-to-San Francisco yacht race,
has been invited to participate in the
events of this "water week," and will
probably be on hand with the winner's
flag at her masthead. In addition, of
course, will be the spectacular features
arranged some days ago by Swanton.
The yacht regattas, the motor boat, shell,
skiff, hydroplane and swimming races, the
parade of decorated floats, the magnificent
displays of fireworks, the bathing, golfing,
driving, riding, fishing and
skating joys always associated with the
Surf City.

Sidney Cavill, perhaps the most
famous swimmer on the Pacific
Coast, and the first man who ever
swam the Golden Gate, has been
appointed as master of ceremonies
for all aquatic sports which means that
they will be of a high order. Cavill, who
is as present swimming instructor of the
Olympic Club, is already in touch with
some of the leading swimmers and men-
men of the country, many of whom have
already signified their intention of par-
ticipating in the water contests.
Reservations at the Hotel Casa del Rey
are now being made by the management,
and will be held until the evening of July
15th, or later, if assurances of attendance
are received.

WITH THE BOXERS

Sandy Ferguson is telling his friends
that he is booked to meet Luther Mc-
Carthy, the Western hope, in this city
in a couple of weeks.

Eddie Murphy, who was matched a
week ago to meet Ray Temple in Gary,
Ind., this week, is not going to keep the
engagement. The match was made by
the Chicago man who got him the bout
with Macky McFarland, who has also
matched Murphy to meet Joe Mandot
in Kenosha, Wis.

Fred Sydney, the Boston colored light-
weight, who has been in England for
several years, was defeated in a 15-
round bout at Liverpool, Eng., the other
night by Jack Matthews.

Dave Smith, Australian middleweight
champion, has arrived in England. As
the boxing season in that country is
about to close, he is going to return to
Australia and get a bout with Carpenter. He
is coming to America.

Joe Jeannette, Willie Lewis and Jack
Denning, the New York boxers who went
to Paris and England, have returned
home. Lewis made the most money, as
he was defeated in a 15-round bout by
a big gate. Jeannette had a couple of
bouts and Denning one.

Johnny Kilbane has called off his bout
with Johnny Dundee, which was
scheduled to take place in New York
next week. They wanted to see Kil-
bane's guarantee for \$10000, and he
would not stand for it.

Matt Wells, the English lightweight, is
in bad shape and his manager is going to
give him a rest.

Bill Papke and Marcel Moreau have
been matched to box in Paris June 29.

Patsy Haley, recently reinstated as a
referee in New York, has been engaged to
referee at Greenport, L. I.

Rudie Unholz' young brother is making
a hit in the boxing game in Australia.

Joe Jeannette, who has been in Aus-
tralia, has decided to return to the ring and
will shortly meet Jack Lester in Mel-
bourne.

Today is old pitcher.
Manager Hank O'Day, who is getting
good work out of the Oakland team, has
pitched in the National League race, pitched
in 1911, and 1910. His record is 10-10.

TAHOE AND RETURN.

STEEL AND IRON ADVANCE PRICES

Independents Lead With Trust to Follow Their Example.

NEW YORK, June 26.—Industrial and financial developments outweighed all other considerations in the steel market. The long expected price advances in finished steel and iron were announced by several of the leading independents, with a likelihood of similar action by the Steel Corporation, United States Steel and Allied States were realistic.

After two months the standard railway shares, notably the Conkors.

The market closed strong. On greater breadth and activity the list moved to best prices. Steel, with strong demand, was prominent in Steel, Norfolk and Western and the Hartman and Hill shares.
